#### **Class 11**

Bullroy Sumrnuts, 11months white dog, very strong well filled and finished head. Eye and ear placement are correct giving him lots of expression, slightly straight in the shoulder which makes him look a little slab sided. His front is strong and straight with good tight feet, top line is level and he has good angulation in his rear quarters, moves loose behind probably due to his age, very eye catching dog.

Bramble Snap Shot, White dog with black eye patch, strong head, level bite, good lay of shoulder, well rounded rib onto well angulated quarters, pinned in when moving and lost topline on the move, all round a very pleasing dog who was unfortunate to run into first dog today.
