

It was an honour to be asked to judge the ACT Championship Show. The show ring was perfect for an outdoor show. While it was touch and go, the weather cooperated and we managed to stay dry.

The Australian Bull Terrier owners and breeders were very hospitable. All of our needs were met and exceeded. In the ring, exhibitors were more than willing to perform ring patterns possibly unfamiliar to them. Thank you.

I was grateful that the exhibitors spent their time and resources bringing their dogs to my ring. With such a vast country, I imagine some exhibitors came from hours away. I was so pleased to see many quality dogs; lots of good round bone, great expressions, and correct bites.

Our time in Australia was enchanting; thank you to Mike and Di Cross for willingly hosting a couple of "strangers" after the show.

Thank you to the ACTBTC show committee, my ultra-organized and tireless steward, and the exhibitors for all of their hard work to make this such a special experience!

His hocks are well let down and his tail is thick at the base and comes to a tapered point. He has a thick coat with a fine gloss. He has a typical jaunty air and moves correctly coming but a bit narrow going. A nice showman!

#### **Puppy**

1<sup>st</sup>: Brasshead's **CREDEM AVENGER AT BRASSHEAD** (UK Ch Emred Devils Advocate x Ch Brasshead Gothic Witch) Heavy boned black brindle boy with average length of head that is well filled. His mouth is correct and his eyes are dark and triangular. He has a shorter than usual back, and a very slight arch over his loin. He has a good bend of stifle, his tail is set on correctly and it is thick at the base and finishes with a tapered point. He has catlike feet. While he moves correctly coming, he does converge toward center going away. He holds his topline on the move.

2<sup>nd</sup>: Dowell's **JACAMAR FURY ROAD** (Jacamar The Hurricane x Jacamar Ruby Rose) Well conditioned, masculine red dog sporting a long, filled head with a gentle profile. Correct bite. His ears are thin and on top of his head. His long neck leads to an angled back shoulder and straight front. He moved correctly coming but slightly narrow going away.

3<sup>rd</sup>: Campbell's **HELLOFABULL THE EXECUTIONER** (Bullpatchy Geronimo x Hellofabull Girl Gone Wild) Moderate boned boy with a long head and correct mouth. His eyes are triangular and his ears are thin and on top of his head. While his front is straight, his right leg appeared to be a bit easty-westy. He also moved correctly coming but slightly narrow going away. He was less mature than his classmates.

### Junior

1<sup>st</sup>: Pinker & Zullo's **BULLACTIV WAKING THE DEMON** (Ch Brasshead Gothic Clown x Bekmar Cher) Well conditioned black brindle boy with a long head and correct mouth. While he has dark, triangular eyes, the placement is slightly off. He does have an arch over his loin. His coat is thick with a fine gloss. ### Intermediate

1<sup>st</sup>: Schofield's **STARDOM DEMONS DISCIPLE** (Stardom Dreaming Demon x Stardom Honey Suckle) Moderate boned white boy carrying red. He has a correct mouth. His best attribute is his short back. He has a slight arch over his loin and his coat is thick and harsh to the touch. He moves jauntily, and holds his topline on the move.

### Australian Bred Dog

1<sup>st</sup>: Pride's Ch **SATORI MAGIC MIKE** (Wynnafred Eye Witness x Satori Champs Elysees) This brindle boy is all male! His long, egg-shaped head has plenty of fill. Reverse scissors bite. His expression is superb with a dark, triangular eye and thin ears placed so his head was almost flat between them. Another strong suit is his neck and shoulder construction; his neck is long, he has backward sloping shoulder, and his front is straight with elbows in and tight. A bit more length of upper arm would be a plus. He has a nice arch over his loin and a graceful upward curve from his brisket to his belly. He has a well-developed second thigh. His coat was thick and had a fine gloss. He moved good coming in and slightly converged to center going away. His superior expression coupled with his overall masculinity left him standing today.

2<sup>nd</sup>: Wiseman's **BULROARUS WOMANISER** (Glenbull Muchacho x Bulroarus Pin Up Girl) How nice to have another ultra-masculine boy in the ring! This white boy was well conditioned with a long, filled head and a correct bite. His ears did not point directly upward. His neck is average in length and his front straight. He has a small arch over his loin and a correctly placed tail that is thick at the base and leads to a fine point. He has catlike feet. He moved true coming in and slightly converged to center going away. He was not the showman of #1 today, but a very exciting male nonetheless.

### Open Dog

1<sup>st</sup>: Jessups' **SARAJENI XC LENT** (Bilboen Xavier x Ch Sarajeni Joker Jane) Red brindle dog with short, filled head. Undershot bite. Dark eyes and thin ears, though he tended to not hold them directly upward. He is a bit straight in stifle. He moved jauntily, but was a bit narrow coming in and going away.
