Important Notice to Exhibitors

CHANGE OF JUDGE – Afternoon Griffon Show 8th April

We would like to advise all exhibitors that Mr Phillip Poulton is unable to judge the PM show for The Country Griffon Show of NSW

In keeping with our policy to engage Toy specialists we are very pleased to announce that the afternoon show will now be judged by

Miss Errolynn Cross

Miss Cross and her family have bred and shown Min Pins for many years and she is an experienced Toy judge.

She has judged in Australia and overseas and judged General Specials and all Toys at The NZ Toy Club Show.

She has not judged Toys in NSW for several years so will bring a fresh opinion to our dogs.

We welcome Miss Cross and are very grateful that she was able to accept the appointment at such short notice.

We look forward to her opinion on our Griffons.

Presidents Report

In just a two short weeks we will be in the whirlwind that is the Easter shows and we are looking forward to this.

On Friday 7th Griffons will be judged at Sydney Royal and the entry is 30, one of the largest Royal entries ever.

The following day is the double Griffon show – our own club shows at Newcastle and the premier Griffon show in NSW. This is the first time we have had a double show and we are very excited to have Toy judges presiding. Please note that we have had a last minute change of judge and we are very grateful to Miss E Cross for accepting the appointment at such

late notice.

As usual we will provide a champagne luncheon for all exhibitors and guests and I would like to invite everyone to come along and join us.

The following day is The 4 P's Toy Club show at Orchard Hills, the largest Toy show in NSW so if you want to meet Griffons and the leading Griffon breeders in the state come along to one of these events and say hello.

We have a number of new members who have joined the club and I would like to welcome them all. I hope that you enjoy your time with us and are able to join in with the number of Griffon activities that we hold during the year. We are one of the largest Griffon clubs in Australia and have just under 140 members at the present time

Editors Notes

Welcome to the 2017 Autumn edition of our club magazine. As well as looking at how our Griffons have spent their autumn days, after the long and very hot summer, we also have some articles on Brachycephalic health and National Puppy Day.

In addition we have information about our club show, Easter events, overseas news and our members activities.

Thank you to all those members who have contributed to this editions and I hope you enjoy it

Our Members have been busy over the past few months- some activities more fun than others!!

Holly Quinn Parsons marched in the Mardi Gras in the Wonder Women team, for Equality.

Her team was team number 114 out of 185 teams, which gives you an idea of the size of the parade.

Looks like it was a lot of fun but it was just missing the Griffons.

Coming August 2017
A new ~~fur~~ baby!

Lilly and Dwight were proud to be given the role of announcing the good news for **Blake and Adam Zur.**

We send them our very best wishes and congratulations. I am sure that Lilly and Dwight will be wonderful nannies

Liz Hollingshead discovered that you can fracture Was walking one of the dogs after dinner, perfect storm of being on a slope and getting my thongs caught up in long sticks and leaves and it was dark!!! Not sure who got the biggest fright, me or Matilda.

Sharyn Wood, our club co-registrar, had a holiday in Tasmania in February and Billy the Griffon was left behind to stay with his best friend the Labrador. Although he had a lovely time he let Sharyn know that he did not approve of her

holidaying without him, when she returned by giving her the Griffon 'look' of displeasure

Hilary Swaine was almost ready to put a dog up for adoption after coming home to find a brand new bed had been shredded- just like a little green snow storm!!

Not sure what the occasion is but **Andrew Georgiou** and friends all decided to do a Griffon salute – not sure that the Griffons are quite as impressed as they should be

The Country Griffon Bruxellois Club of NSW Inc.

Joanne Pattern's boy, Mocha is a man of extravagant tastes. He likes to peruse the car brochures to choose his next car. Just hope Joanne agrees with his choice.

Terri and Grant Odell took Rory and Darcie out for the day. They both decided that they were duck herding Griffons but those wooden ducks refused to move

Ashleigh Barber attempted to sit down to do some studying but Harriet decided that it was more fun to assist by pretending to be a parrot.

Tom Gregory's and Holly Quinn Parson's little girl, Ygrette, knows that there are milk lollies on that

table. If only she can just sneak over and get them without being seen

Dance, owned by **Jannelle Tremenheere**, took part in a grooming competition and made a

beautiful model. Her groomer do not win a prize but we thought that she did a great job and Dance enjoyed her day out

Giant hailstones in Sydney made an eventful end to a day out for **Terri and Grant Odell**. They came home just after the storm but found their lawn covered in enormous lumps of ice.

Here are two of them on Terri's hand which will give you an idea of the size

Sydney Royal entries for the dog section are now over 4,000 and there are 30 Griffons entered.

Paperwork has now been posted out to all exhibitors and Griffons are judged in the morning on Friday 7th April

If you are planning to come to Sydney Royal and also want to see the Griffons then Friday 7th is the day to come.

Come and say hello to all the Griffon exhibitors – we will be there until 5 pm so always happy to talk.

Morgan and Royal find a new Home

In the last newsletter we put out a call for a loving and permanent home for two older Griffons who had go together.

Royal, a 9 year old male red rough and his inseparable companion, Morgan, a 7 year old red smooth female had been bred by one of our club members, Kerry Taylor, who sadly lost her battle to cancer over 12 months ago.

They have been well loved pets all their lives, but their owners were moving permanently to the USA in April and could not take them with them.

Our club was contacted as the owners were quite distressed about leaving the dogs behind and they wanted to be assured that they would find a loving home.

Our club secretary, Jannelle Tremenheere was the liason person between the club and the owners and Sharyn Wood handled all inquiries.

We not only featured them in our club newsletter but we also posted on our club Facebook group, Griffon News and the Victorian Griffon Bruxellois Club Face book page.

We were aslso in personal touch with the family members of the breeder and they were active in trying to help and were very concerned about the welfare of these dogs.

Once again our members rallied in support, sharing the posts and we had many people offering to take these two lovely little dogs.

Many of the offers would have been the most wonderful homes for them but in the end it was up to the owners to make the final decision.

We had several breeders and club members of both clubs recommend people who were after Griffons and Sally Stewart of Troubadour Griffons in Victoria, passed on the information about these two little dogs to the successful new owner

Morgan and Royal in their new home

I am pleased to say that Morgan and Royal now have the most wonderful home in Victoria where they will have a large garden and will live a pampered life as bed dogs and loved pets with Sally Chirnside.

Sally had previously owned a Pug who sadly passed away at 14 years of age

The two Griffons were flown down to Victoria at the end of February.

We received the following message from Sally after they arrived

“ I did want you to know that Royal and Morgan arrived safely from Sydney on Tuesday and have settled in with me without any drama at all. You would think they had always lived here as they have not missed a beat with their food and have made themselves very comfortable on my furniture and bed.

Royal on Sally's lap with his new toy Giraffe

I put them to bed in a basket beside my bed but at about 2.30am I felt a bump and they both arrived beside me so I think that is how it will be from now on.

They are so well adjusted and happy and I just adore them to bits.

So thank you for your help.”

The Griffon community is small but it is lovely to see how everyone always rallies together to help whenever there are Griffons in need.

It is also an example of the way the three Griffon clubs in Australia always work together for the benefit of the breed.

This is the third rescue/ rehoming that our club has carried in the past 12 months and we are very pleased that once again we have had a very successful outcome with happy new owners and very happy and loved little Griffons.

Griffon TV Stars

Terri and Grant Odell with their 3 Griffons and the other 'unusual' breeds of dogs on the TV show-the Newfoundlands, the Basenjis, the Xolo and the he Welsh Springer Spaniel.

Studio 10, the morning show on Channel 10 Sydney, contacted our club about some Griffons for their show. They were doing a segment on unusual dog breeds and wanted to let viewers know that there were some different and unusual breeds available as well as the well-known breeds. They had an animal behaviourist joining them to talk about the various uncommon breeds and they asked for some input from the club to provide a breed description.

Until they contacted Jannelle they were unaware that Griffons came in both rough and smooth coats and they then wanted to have some of each coat type.

We were happy to assist any positive presentation of our breed and were able to provide them with a copy of the breed description that was recently published in the Dogs NSW journal.

Terri Odell has a couple of Griffons who are very experienced TV stars, having performed in several TV commercials, plus she had some 11 week old puppies so she and Grant were happy to represent the breed.

The Griffons made friends with the crew behind the scenes

The Xolo had a rather large accident all over the floor, from nerves but the presenters displayed professionalism and just carried on and the Griffons were the last to enter.

Waiting to enter the set

It was clear that they were popular as each was picked up and cuddled by the presenters as soon as they entered the

set.

Unlike some other morning TV shows where the presenters have made a fool of themselves when dogs entered, the Animal Behaviourist on the show spoke intelligently and sensibly about the different breeds. She discussed the breed's history and the fact that many of these breeds have been around for many hundreds of year, and she also talked about each breed's purpose and behaviours and suitability for different lifestyles.

It was a pleasure to see a show where pedigreed dogs were recognised and discussed intelligently and we are more than happy to work with Channel 10 in this

Exciting Easter Griffon Shows

The weekend before Easter is always a busy and exciting time for Griffons

We are especially excited this year because we are having a double Griffon Championship show on Saturday 8th April.

This show is the premier Griffon show in NSW and there are usually over 50 Griffons exhibited in peak condition as well as some sideline cheer squad Griffons.

We would like to invite all of our members to come along and join us at the show. Even if you do not show your Griffon you are welcome to bring him or her along to watch and cheer.

If you have ever thought about showing your Griffon then this is the show to come to- it is a friendly and pleasant day out and exhibitors are happy to talk to you – in between the mad dashes in and out of the ring.

The club provides a buffet champagne lunch for everyone and we have a good time; win or lose. We have two very experienced Toy judges for our show and we look forward to their expert opinions.

Golden Oldies Parade at the show

The morning show will begin with a Parade of Golden Oldies. This parade is not judged and is open to all Griffons 10 years of age or older. Entry is Free

You do not have to show your Griffon to take part in the parade. All Griffons are welcome and we would like to see as many of our wonderful oldies as possible.

Some of the Golden Oldies from last year's parade

The parade celebrates the health and long life of our Griffons and is a recognition of the love and care they have received from their owners.

All Golden Oldies will receive a ribbon and an Easter Egg.

If your Griffon is 10 or older and you would like to put your Griffon in the parade then contact Claire Parker at lafoliepbgv@yahoo.com.au and she will put their name and age in the catalogue. If you don't know their show name their pet name will be sufficient. Otherwise you can turn up on the day and still parade

Some smiling faces and exhibitors from last year's show

Donations for Trophies

It's that time of the year when we ask for our members to support our show.

This year is particularly exciting as we will be having a double show for the first time. Thank you to all members who have already generously donated- it is much appreciated

If you are able to donate towards our show could you please contact Michelle Parker Brien at

The Point Score Competition

Due to the heat of summer we reduce the point score shows and we have had only one point score show since the last issue

This show was our Northern point score and was held at Armidale, one of a cluster of three shows. The designated show was the Saturday show and once again the exhibitors did not let us down with an entry of 14 Griffons facing the judge.

Best of Breed and Dog Challenge was Grand Champion Balliol Gellert Grindalwald, handled as usual by Jannelle Tremeneere

Runner Up Best of Breed and Reserve Dog CC went to *Supreme Ch Cricklewood Night of Magic in Paris* - owned by Ashleigh Barber and Michelle Parker Brien and handled expertly as usual by Ashleigh.

Bitch Challenge was awarded to Nevaending Love Potion- bred, owned and handled by Jannelle Tremeneere

Reserve Challenge Bitch was Ch Griffonsberg Miss Georgia, Owned and handled by Diana Norman and Tim Mills

Next Point Score Show

Camden Show society on April 1st is the next show on the point score and this will be followed by;

- **Lake Macquarie All breeds AM show on May 20th at Hillsborough**
- **Norwest Canine Club on 24th of June at Castle Hill** –the final show in this competition

FROZEN SEMEN LITTER

There has been an exciting litter born in New Zealand from frozen semen which produced 3 babies, two girls and a boy.

They are owned and bred by David Fifield and were whelped and reared by Sandie Meads and they represent co-operative dog breeding at its best.

The sire is American Grand Champion Paragons Sharp Dressed Man (USA) who was one of the top winning Griffons in the USA before his retirement. He is now a much loved pet living with his owner Mary Gale

Sire – Am Gr Ch Paragons Sharp Dressed Man

and mother of the litter is Sandie's home bred girl, Ch Paris Booty of the Night

The reason this litter is so exciting is not just because they are a combination of some new lines but also because up until now it has been almost impossible to successfully produce a litter of Griffons

from frozen semen. A number of people have tried, only to fail to get the bitch to conceive and until now only two other successful litters have been achieved. Other breeds have successfully been bred using frozen semen but Griffons have always been extremely difficult.

So the news is out and the boy, named Jack or officially, Cricklewood Snappy Dresser made his show debut with Sandie at The Taranaki Toy Dog Show at 17 weeks of age. He won Best Baby Puppy in Show to the delight of Sandie and David

The start of 2107 has also seen recognition for a number of other Griffons in New Zealand.

In the North Island

Sandie Meads has had a number of wins with her Griffons.

Ch Yappenbach Cookies 'n' Cream, owned by Sandie and bred by Adrienne Rowsell won after winning New Zealand Bred of Group

And in February her homebred boy **Ch Cricklewood Night in Paris** won New Zealand Bred in Group at the Toy show Levin

Ch Yappenbach D'Vyne Magic, owned by Marie Reynolds and bred by Adrienne Rowsell and Jocelyn Walker was Intermediate of Group at the

New Plymouth shows
And to show it was no fluke he won again

Ch Yappenbach D'vyne Magic took Reserve Best of Group and Intermediate of Group at Wairoa Kennels Show

Meanwhile down on the south Island.....

The Griffons have also been out there performing and winning

At Gore Championship show Ch Tiroroa Time for a Treat owned and bred by Jocelyn Walker won Reserve Best of Group by judge Ashley Reid And he then backed up to win another Reserve in Group at Otago.

Westminster Dog Show

Although not a huge show with around just 2,000 entries, Westminster is one of the most prestigious shows on the American calendar.

Held in New York each February it has the cream of the American dog world and Madison Square Garden fills with the sounds of dogs for four days.

2017 saw an entry of 20 Griffons with 4 absentees.

American Brussels Griffon Association's National Specialty

The ABGA held their 2017 Griffon specialty recently and Gr Ch Somerset Wyzall Hashtag repeated his success at Westminster by going through to Best in Show

Also known as Newton, he was bred and is owned by by Keith Jacobson and Joann Noffsinger and handled by Susan DePew.

Note: Australia readers will see that he has cropped ears. This means that the ears have been cut and shaped and the cartilage has been cut to make them stand erect. This process has never been permitted in Australia, the UK or New Zealand.

It was permitted in Europe but has been banned for a number of years. It is still permitted in the USA.

Healthy Brachy Breeds

At the moment there is a world wide attack on Brachycephalic (flat faced) breeds and everyone suddenly appears to be an expert on their breathing issues. The crisis seems to have arisen because French Bulldogs, in particular and to a lesser extent, Pugs, Bulldogs and Boston Terrier, have reached the heights of popularity leading to mass breeding of these dogs by huge numbers of unethical and uninformed breeders- mostly unregistered breeders. This has led to a campaign from the RSPCA called 'Love is Blind', in which they condemn all flat faced breeds and demand a change to the breed standards.

Healthy, active flat faced dogs- Neville and Trevor- father and son

To counter the RSPCA Love is Blind campaign, the ANKC has brought out a video that is called 'Love is Blind but it doesn't have to be' and it can be seen on this link

<https://www.youtube.com/watch?v=r-dcO18ARXU&feature=youtu.be>

Recently the ABC, presented a very poor piece of journalism on TV where they interviewed the RSPCA plus another vet, both of whom came out with a widespread attack on all brachycephalic breeds. Although the ABC interviewed one ethical breeder and showed some footage of healthy dogs they really were not interested and gave more credence to the generalisations of the RSPCA.

Recently another vet, who called himself "The Healing Vet" on his own webpage, launched another attack on all brachy breeds and stated that they were all deformed. He was provided with many examples of healthy flat faced dogs but refused to listen and then he took his whole page down.

A flat faced dog, easily competing in Agility – Brickie owned and bred by Jocelyn Walker

Yet another vet was interviewed and stated that 100% of

brachy breeds have breathing issues and they should all have surgery on their palates at 6 months of age.

This flat faced dog has no trouble keeping up with the Pointer in the surf

There are several issues of concern here

1. When they refer to 'brachy breeds' they seem to only be aware of Bulldogs, French Bulldogs and Pugs. There appears to be a complete lack of knowledge of any of the many other brachy breeds
2. They appear to be unwilling to accept that some flat faced dogs can lead normal, active, healthy and long lives, even when presented with evidence

3. There is an unwillingness to acknowledge that many of the dogs seen by vets are produced by puppy farmers or unethical commercial breeders and that there are healthy dogs bred by ethical ANKC registered breeders

I fully understand that badly bred dogs can have breathing issues but it is inappropriate to state that all flat faced dogs have these issues.

Statement from The Chair of the ANKC Health Committee

Karen Hedberg is a vet who is also the Chair of the ANKC

Health Committee and a breeder of dogs as well. In other words – she is a person who really knows what she is talking about - unlike some of the RSPCA vets who have got onto the brachy bashing bandwagon. She recently published this statement

Benny , owned by Sheena and bred by Terri Odell has no trouble running Stop Brachy bashing!!

Enough is enough! Most of the rhetoric going around is emotional hot air and NOT scientifically based.

The facts are:-

1. Brachycephalic breeds are all those breeds that have shorter muzzles than skulls, although most would agree that one third muzzle to two thirds skull or less is definitely a brachycephalic breed. These breeds include many toy breeds Cavaliers, Pomeranians, Maltese to name a few, none of which get Brachycephalic Airway Syndrome.

2. Only around 5-6 breeds develop BOAS (brachycephalic airway

syndrome). The breeds that tend to develop this condition are those with short noses, loose skin and nasal folds.

3. As with all conditions, they range from normal to severe, with normal (unaffected) to moderate to severely affected.

4. The anatomical features that cause BOAS are such that generally it is a long soft palate, narrow nostrils, narrow trachea, everted laryngeal sacculles and narrow nasal turbinates. Not all dogs have all these abnormalities and even then, they can have them in varying degrees.

Billy on the beach with his ball, happy and healthy

5. Additional factors such as heat, hyper excitement and stress can add to the problem.

6. Until very recently there has been no quantifiable way of measuring air flows and assessing the severity of these different factors to obtain a picture - that is repeatable - of the degree to which the dog is affected.

7. The method developed by Cambridge Uni is non-invasive and measures whole body respiratory function without handling or stressing the dogs. Dogs can then be classified (scientifically) as normal, mild, moderate or severe.

8. The barometric chamber used is being imported and funded by breeders and owners. Hopefully, one will be available in each state so that dogs can be properly tested and accurately assessed prior to breeding.

9. Veterinary Specialists tend to see a biased population, ie. severely affected dogs.

One little Griffon in the middle of the river, swimming with Pointers and Australian Shepherds

10. Breeders try to breed from dogs that do not have breathing issues, now we finally have a way of proving this, which is quantifiable. Many good dogs are out there that breathe well and lead healthy happy lives. Come and see any one of our specialty shows.
Karen Hedberg. BVSc.

The barometric chamber referred to in this statement is part of research being carried out by Cambridge University and the breeds they are using are French Bulldogs, Bulldogs, Pugs and Boston Terriers. The full research can be seen on the links below

As the ANKC video says- Do your research and buy your dog from an ethical ANKC registered breeder who follows a code of ethics, then you will minimise the chances of any breathing issues and have a healthy, happy, active Griffon who can live a long happy life.

Million Paws Walk May 21st

The RSPCA holds The Million Paws Walk each year as their major fundraiser.

Dogs NSW have invited all Breed Clubs to join them in taking part in the Million Paws Walk 2017, with a focus on the rescue activities of the breed clubs. Our committee has decided that we will support this and have decided to make this event our next club day out.

Tammie Cheng and her friends at The Million Paws Walk last year

At this stage we do not have the full details but

we anticipate that it will take place in Sydney at the main venue for The Million Paws Walk.

It will be an impressive sight if we have a large number of Griffons all walking together and then after the walk we can have a picnic lunch.

Dogs NSW have suggested a T shirt but we have not details about that at the moment.

As soon as we find out any more we will let members know.

In the meantime put May 21st in you Diary and we hope that we get as many Griffons as possible to join us for the walk and picnic afterwards.

Griffon Buyer Register

Sheena Jackson and Sharyn Woods are doing a great job as Assistant Secretaries.

Sheena and Sharyn are responsible for the Griffon Buyer Register and all memberships- new and renewals so please contact them if you have any questions.

If you have your name on the Griffon Buyer Register please make sure your information is accurate and up to date.

The Griffon Buyer Register exists to help people obtain a Griffon, either a puppy or an older dog. This rules and requirement of this register and the forms to be completed can be seen on our club website at the link

A form is also at the end of this newsletter for breeders and buyers.

We are a very large club and most of the Griffon breeders in NSW are members of our club. We also have members who are breeders in Victoria, Queensland and New Zealand.

Our members also all follow a Code of Ethics and do all they can to breed healthy well socialised Griffons so that you have the best chance of getting a healthy and happy new family member

If you are interested in getting a Griffon please look at our register and complete the forms which can be downloaded there and we will do everything we can to help you get your new Griffon friend and companion

We are very pleased to say that we have so far assisted a number of members to get a new Griffon family member.

If you have filled out a Griffon Buyer Form and would like to change or update your information please contact our Assistant Secretaries – Sheena Jackson at sheenamaryjackson@icloud.com and Sharyn Wood at sharynwood1@bigpond.com

Please Note

The following information is important

- There have not been many litters born to members over the past few months so any members registering need to be aware that they may face a 6 – 12 month wait for a puppy.
- If you want a specific coat or gender then you may have a longer wait, depending on the type of pups born. E.g. if you specifically want a rough coat male, you can be sure that Murphy's Law will ensure that the next litter has smooth coat girls etc. The more flexible you are in your choice the sooner you may get a pup.
- Please inform the club if you have registered to get a Griffon but no longer want one. Recently the Registrar has contacted several people only to be told that they have gotten another breed and no longer want a Griffon. It helps us keep our paperwork up to date if we know that you do not require a Griffon any longer
