## Presidents Report

We have had a very busy start to the year and our club continues to go from strength to strength.

We ran a very successful show and saw an increase on entries from last year and very positive comments on the breed from the judge Tom Couchman. We were overwhelmed by the support that our members showed in donating for the fabulous Griffon trophies we had at our show. We very much appreciated the generosity shown

Our Griffon Buyer register has been highly successful and so far we have helped 8 people find their new Griffon family member.

We have also assisted a number of people who have just needed advice on grooming and care of their Griffons.

We have two important dates coming up in the next 6 weeks. The details are shown in this issue so put them in your diary and come and join us for some Griffon fun. They are:

May 31<sup>st</sup> – The Griffon Picnic – at Fagens Park

June 13<sup>th</sup> – Dogs on Show – Club Breed Stand and Dog show

## Editors Notes

This is a big issue with lots of information about the prestigious shows that took place over the Easter period. Our members did extremely well in most of them and we have a full report on the Country Griffon Bruxellois Club show, The Victorian Griffon Club Show and the biggest show of all, The Sydney Royal.

As well we have the latest point score results, overseas news and local news and lots of photos of the many ways Griffons have been enjoying Easter. Many of them appear to have spent a lot of time sleeping on the couch.

Due to a number of requests I have also included an article on The Stud Dog as well as the usual articles

Because of the size of this edition I have been unable to fit the next grooming article in but members can see these articles on our club website at <http://oz.dogs.net.au/griffons/>

I hope you enjoy it and I thank all those members who contributed towards it.

#### Businesss Arising

- **Membership:** Due to issues with transaction descriptions on the account the Executive has had many discussions through emails (copies can be requested from the Secretary) in regard to the financial status of members. On investigation it was discovered that all members were financial and the club had a total of 100 plus members.
- **Bank Account:** To help resolve this problem the Secretary went into the ANZ Bank Maitland and requested Internet Banking access. While going through the statements it was discovered that the account was being charged transaction fees for any transaction over five per month and the account was not earning any interest.

The President approached another branch of the ANZ (Charlestown) to enquire as to why? they informed her that the account was created as a business account. She explained that we were a not for profit organisation and that the account should be fee free. She was then told we could open an account which would exempt us from paying fees, this information was then passed onto our Treasurer.

The Treasurer approached the Camden branch of the ANZ the next day (26 February 2015) and they apologised and changed the account to a cheque account informing him that it would not incur any fees and that they would be refunding any fees charged from the time the account was opened (approx. 12 months).

On the same day as the Treasurer queried the account additional transaction fees were charged.

The fees charged on the same day as our Treasurer's enquiry have been refunded however we are still waiting on the rest of the fees to be refunded to the club account, this is ongoing.

**Action:** The executive will compose a letter of complaint to the ANZ airing their concern that the appropriate account was not opened in the first instance and that we require all fees charged refunded to the club account. Moved: A Tremeneheere, seconded M Mulhearn – passed.

- Canvas prints have been purchased by R & D Finch and will be displayed at our Show.
- Griffon Buyer Register has been set up and managed by M Parker-Brien and J Tremeneheere. So far we have successfully found Griffons for a number of our club members who registered their interest in adding a Griffon to their family.

#### **New Members:**

We have a total of 8 new membership request for approval and they are as follows:

Rachael Taylor	Nancy De Pasquale
Iain Mitchell	Jessica Whitley
Lois Mitchell	John Sheppard
Tanya Young	Approved- Moved: A Barber,
Tracey Baker	seconded A Tremeneheere - carried

#### **Show Business 2015**

**Trophies:** Jannelle has been liaising with Anhyka who is providing all major Trophies for the Show. An order form has been completed and forwarded to them with copies of pictures of a rough and smooth Griffon. The trophies are metal cut outs of a mixture of smooth and rough griffons in different sizes. The cut outs have been cut and are now in the process of being coloured.

We had trophies left over from last year's show and these will be utilised and given out for our property classes and breeders team.

Trophies are complete and will be sent out in the next few days. The cost of Trophies have come under what we have quoted for Trophies on our list so the excess should almost cover our postage costs.

Michelle has obtained labels for the wine and these will also be given out as prizes..Cost for wine and labels donated by Michelle Parker Brien.

John Sheppard has kindly donated small soft leads which will be first place for every class.

**Catering:** Jane will be provide and prepare lunch for the judges which will consist of BBQ chicken, salad and dessert.

Jane will also organise and arrange food provided by members for luncheon table an email will be forwarded to all members requesting that they contact Jane to let her know what they intend to bring. Members will receive an email shortly from Michelle requesting that they bring a plate for a luncheon to be eaten at the presentation.

Jane will organise water and soft drink to be sold to anyone who requires a nice refreshing drink. We do not need too much perhaps some water and two different varieties of soft drink as cheap as possible.

**Ring Set:** The ring will again be set up by Adam Tremeneheere who has kindly donated his time at past shows.

**Ribbons:** Jannelle requested quotes from two companies and we accepted a quote from Marellan Show Ribbons which was \$80.00 less than last year. This included a one off print fee for our logo so if we decide to go with Marellan next year the ribbons should be even cheaper. The ribbons have been paid for and picked up by Jane Wistuba and are currently with Jannelle Tremeneheere

**Ring Booking:** Jannelle has confirmed the ring booking with David McMillan both verbally and by correspondence (see outgoing correspondence).

**Use of CNCC Grounds:** Jannelle has also advised David McMillan of what we require to use on the day.

**Photographer:** Michelle has invited Rachael Taylor to be our photographer, Rachael will take pictures ringside and we will have a spot set up so that official photos can be taken at the end of the show.

**Catalogues:** Claire Parker will be compiling our catalogue.

**Advertising:** Are we offering advertising in our catalogue at \$10.00 per page for those who are interested.

**Sponsorship:** Jannelle contacted a number of dog food companies to see if we could get sponsorship however we did not receive any responses.

**Trophy Table:** Ashleigh and Claire will arrange the Trophy table. Ros has dropped off the Club table cloths to Michelle for trophy table.

#### **Other Show Business:**

**Fund Raising: Social Secretary-** Ros to hold 100 Club at our Show and the Sydney Royal. Moved: R Taylor, seconded M Mulhearn.

#### **Promoting the Breed at Breed Stands and Events**

**Dogs on Show 2015 :** Jannelle has already forwarded application for Dogs on Show 2015 which will be held in June, this is usually a point score show for the club.

**Dog Lover Show 2015 :** Jannelle has already forwarded the application for Dog Lover Show 2015 which will be held in August this year instead of November over two days instead of three.

### Next Fun Day

A Tremeneere moved that we hold the next fun day at Fagens Park on 31 May 2015

Members who are attending to bring their own picnic lunch which will be followed by a walk. We will start at around 12.00 am to finish around 4.00 pm. Seconded R Taylor.

### Any Other Business

**Improve Procedures** : Jannelle moved that in order to create efficient processes Michelle to work on procedures for membership deposits, donations, memberships etc. The Membership form has already been updated to reflect some of these changes. Up-date the roles of the Executive to reflect any changes made. seconded M Mulhearn Carried

**Correspondence Register** : Jannelle moved that as secretary she would look at creating a correspondence register. Seconded A Tremeneere

**Update Code of Ethics**: Jannelle moved that we review Code of Ethics to ensure that behaviour is covered for public occasions, in person or via correspondence such as emails and letters. Seconded C Parker.

Meeting closed at 2.00 pm

## Wedding Congratulations

Huge Congratulations to **Sandie Feaver and John Meads**, who were married on February 28<sup>th</sup> in a beautiful garden wedding at Cambridge New Zealand.

### *Sandie and John*

After some days of rain the weather gods smiled on them and they had a beautiful day for the wedding.

We wish them a long and happy life together.

John was not a Griffon person before he met Sandie but his education has begun and as we all know – life is even better with a Griffon- or two- or three!!

*The bridesmaids waiting to begin*

## Griffon Corner

This Griffon Corner starts with the loss of three great old Griffons, two sadly on the same day, in two countries. All three have left a legacy that will live on beyond them. We say farewell to Phoebe owned by Ros and Dave Finch, Hunter owned by Sandie Meads and Fern Fever and Grace, owned by Diana Norman and Tim Mills.

### Vale - Ch Rosndae Uptown Girl

Owned and bred by Ros and Dave Finch, Phoebe was born on 18<sup>th</sup> August 2000 and died on 23<sup>rd</sup> March 2015 (stroke) at almost 15 years of age. Phoebe was the daughter of Azande Putn On The Ritz, our beautiful black and tan, Sophie.

Phoebe was a beautiful girl with a very loving nature and she was a wonderful kind mother, Grandmother and Great Grandmother. We called her Special Girl when she was having her first litter of puppies and that was her other name for the rest of her life.

Phoebe had four successful litters, in the first litter Phoebe had 5 puppies 2<sup>nd</sup> 6 puppies 3<sup>rd</sup> 6 puppies and the 4<sup>th</sup>, 4 puppies. All the puppies lived and went on the produce champions themselves. Some of her puppies were Ch Rosndae Sunset

Glow and Ch Rosndae Tom Thumb and Ch Rosndae Touch O' Class all of which have produced champions themselves.

Phoebe had a best friend in our home, Ch Rosndae Magic Moments (Meggy) and Meggy was always there for Phoebe when she needed a helping paw. Meggie and Phoebe always had their litters at the same time and did everything together and sometimes we would find them feeding each other's puppies and caring for each other's puppies as they would care for

their own. We loved our Phoebe with all our hearts and she is sadly missed

*Two photos of Phoebe and her best friend Meggie*

*Thank you to Ros for this information on her much loved Phoebe*

## VALE- NZ/AUST CH PARIS NIGHT FEVER

*(Ch Upmarket Paddy McGinty / Ch Paris Feenagh)*

5<sup>th</sup> November 2001 – 23<sup>rd</sup> March 2015

*Hunter (aka affectionately Hunny and Undies)*

A month from his passing it is with a heavy heart and tears in my eyes, that I share with you this wonderful Griffon's life.

He was born on Guy Fawkes day, his sire the very well known "Paddy" (Ch Upmarket Paddy McGinty) and his dam "Fee" (Ch Paris Feenagh). One of two dogs in a litter of three and he was a smooth. Hunter's litter brother was the equally

well known NZ/Aus Ch Ned D'Vyne of Paris at Upmarket. These two litter mates stamped their genes on many a Griffon who have gone on and flown the flag for the breed in New Zealand and Australia.

Hunter was a smallish pup and went to live with Wayne and Dianne Bayram in Gisborne. He quickly gained his NZ Champion title. He enjoyed being a show dog and eagerly gave everything to his few minutes in the ring.

For me he epitomised the breed standard; he was a square, cobby dog with a good top line and tail set, small ears with a good sized eye. He had reach and drive and moved true coming and going and would free stack. He may not have had the disposition of a terrier, he was too much of a gentleman for that, but he could still put up a mice nest and roll in possum poo with the best of them.

*Hunter at 11 years of age*

He was a charming and gentlemanly Griff, loving everyone human and especially his Griff girls. He had a penchant for sitting in corners, slouched like an old man almost asleep, but he didn't miss a trick. It was his way of putting everyone at ease. He was a great mediator.

When Hunter was eight years old he came back to live with Fern and I on our few acres. He loved being a "farm" dog, but would still strut his stuff once or twice a year in the Veteran classes at shows.

In 2010 he had a taste of overseas travel, spending a year with Michelle Parker-Brien (Balliol). He adapted well to Aussie life and again quickly gained his Australian title (even though he was 9) plus some in Group awards along the way. Hunter presented Michelle with, in particular, two lovely pups who have gone on to be extremely successful in the show ring in Australia – Grand Ch Balliol Gellert Grindalwald and Ch Gertie Giggles.

Once back home with us he continued to produce some top winning Griffons here and in Australia – of course the most well known in Australia (and the world) is Ch Cricklewood A Night of Magic in Paris (bred by myself and David Fifield) and he is also the sire of another smooth girl Ch Paris Starry Starry Night, who has won in group and in show awards.

For me he sired Ch Paris By Night and his litter sister Ch Paris Booty of the Night, who have won in group and in show awards and more recently for David and I, Ch Cricklewood A Night in Paris (BISS and All Breeds Group awards) and Ch Paris A Night at the Opera.

Hunter is missed every day and I look for his characteristics in progeny we have. We have a granddaughter of Hunter's and in the past couple of weeks she has begun to sit as he did, slouched – wherever – the couch, on the floor, in a crate and she has his easy going, laid back manner.

*Thank you to Sandie Meads for this information on a much loved Griffon.*

*Hunter with his Australian family just before he flew back home to New Zealand*

**Post Script :** Hunter was obviously looking down on his children as 5 days after he died, his two sons in Australia, Neville and Dumbledore, won Best In Show and Runner up In Show at the Country Griffon Bruxellois Club show. At the same show one of his granddaughters, Tonks, won Baby Puppy in Show and another granddaughter, Hermione, won the Reserve Bitch Challenge. Just 3 days after that, at the Sydney Royal, his daughter, Gertie, won Best of Breed. A wonderful legacy and I will always be grateful to Sandie for allowing him to visit Australia for 12 months. *(Editor)*

**Vale -Int. France, Netherlands, Belgium, Luxembourg, German, Australian Champion Leo Belgicus Grace Under Fire**  
(Ch.Gaystock Le Pas de Tout x Ch.Leo Belgicus Fire-Cracker).

Grace was bred in The Netherlands, by Hans Bleeker and Jan Den Otter of the Leo Belgicus kennels.

She was shown in Europe with great success gaining her championship title in 5 countries before coming to Australia where she added yet another title to her name.

In 2005 she won Best in Show at the griffon Club Specialty show at Mantes-La Jolie under French judge, Mme.J.Poitou.

She repeated this in 2007 when she went best in Show

in an entry of 120 under French judge, S.Desserne

*Winning BIS*

Diana Norman wrote: Grace came to live in Australia with Tim and I in July 2007 along with three other Griffon bitches all bred by Hans and Jan. She was the mother of our B Litter in which there were two Champions, Ch Tzani Blueberry Tart and Ch Tzani Brier Rose. Those two bitches have since produced some beautiful offspring ... now two generations on Grace still leaves her mark on her descendants. Sadly that was Grace's one and only litter for us as 5 weeks into her second litter we discovered that she had breast cancer and she subsequently absorbed the puppies. We are very sad at her passing and would like to thank Hans and Jan for entrusting her to us ... she was the start of the breeding programme for Griffons of Tzani.

Grace was only 11.5 years old. Our sympathy to Diana and Tim

### The Get Well List

Some of our members have been in hospital since the beginning of the year and it is good to know that they are all on the way to recovery now

**Edward Croad** was rushed to hospital last week, with severe pneumonia, coughing up blood. I am pleased to say that he is now on the road to recovery, he has responded well to the antibiotics and is off all his tubes. Eddie is 90 years old and we hope that he continues to improve so that he can come home soon.

The **Feaver Family** in New Zealand seemed to be competing at the start of the year to see who could spend the longest time in hospital

First, **Cathryn Feaver** had a bad couple of weeks when she was in hospital in February with an infection that they had trouble identifying. Cathryn needs dialysis so was a very sick person for a while until the infection was able to be successfully treated. Luckily she was able to get out of hospital in time to attend her mother, Sandie's, wedding to John at the end of February.

She is now well on the road to good health again.

And not to be left out, Cathryn's sister, **Fern Feaver** also had her share of health troubles. **Fern**, after a misspent sporting life, needed a knee reconstruction. Fortuitously it was scheduled for 2 days after Sandie and John's wedding but being a Feaver nothing could go smoothly. Fern's knee came through the reconstruction with flying colours but she ended up getting pneumonia in hospital so was in there longer than she expected. She too is now well on the way to full mobility after all the worry.

But I wasn't all bad news- Sandie also had some good news when her son Ben and his wife Vanessa, welcomed their first child into the world so the start of 2015

was a very busy time for the entire family.

In the last issue we had a photo of **Marcia Mulhearn**, zipping about on her special scooter, after major reconstructive surgery on her foot. It was good to see Marcia at our show, walking about after having to spend several months off her new bionic foot. Not only was Marcia walking, she even managed to get back in the ring and show a dog in one of the Breeders teams.

Well done Marcia – a good news story

**Celeb Spotting-** In previous issues we have mentioned some of the interesting people our Show Secretary, **Claire Parker** gets to meet in her job at Bondi Icebergs. The latest celebrities to come into the club are none other than Alan Rickman, better known to Harry Potter fans as Professor Snape and Chris Hemsworth who may be more

recognisable as Thor. And no they did not wear these costumes at the club.

**Terri and Grant Odell's daughter Kelli** participated in her first ever 7km Sun Run from Dee Why to Manly. She ran the course in 33.19 and finished 12th overall in & 4th in her age group.

Terri, along with Griffons, Brookie and Teddy were at the finishing line to meet her.

**Jillian Matthieson**, better known as **Godzilla** in her Roller Derby life, found out what happens if she leaves her team shirt behind. It gets claimed by the Ewoks, as their own

**Rachel Newell's Griffon, Lupin**, once again proves what wonderful bed dogs Griffons are – here he is sleeping with Josiah- both sound asleep and holding paws.

**Mr Gruff** caught up with some friends and had a Monday morning Griffon party with **Uboo, Elroy and Igby**

**And some Griffon art-** Contemporary Griffon Bruxellois print '**The Wild One**' by Mike Holzer

And some more contemporary Griffon art a painting of a mother and daughter by **Dutch artist, Monicka van Weijk**, simply called '**Griffons**'- a painting of a mother and her daughter.

**Terri Odell** made the fashion pages of 'Yours' magazine? The photo was taken at the Golden Slipper Carnival.

**Gingerbread Griffon-** here is one of the gingerbread Griffon biscuits made by **Jane Wistuba** for our show. They were delicious although I must admit I felt guilty eating a Griffon – I started with the feet, Jane started with the tail.

**Congratulations Shane!!!!**

**Shane Thomas of Raweke Griffons** has been having a very eventful and exciting time lately.

In March he was elected as President of Dogs Queensland, the most prestigious position in the dog world in Queensland. We send congratulations and best wishes to him on this. I know that he will do a great job.

In addition to this Shane has also been invited to judge at the 25<sup>th</sup> Anniversary show of the Czech Republic Griffon Club on the 4<sup>th</sup> and 5<sup>th</sup> of July 2015 . The show will take place in Brno in the Czech Republic and the other judge will be Paloma Pegorer from Brazil. It will be Shanes first appointment in Europe and is a huge honour.

Shane was the judge at our clubs Inaugural Championship show

It looks as if 2015 will be a big year for him.

**The Victorian Griffon Bruxellois Club** had a Breed stand at the Melbourne Dog Lovers Show at the start of May. Some of the Griffons made it to the pages of Sunday papers, as little Ewoks. Lovely to see positive publicity.

Our club will also have a stand at the Sydney Dog Lovers Show in August.

We have seen in past issues some photos of **Terri and Grant Odell's** daughter as she competed in various Fashion in the Field competitions, with great success. Terri has recently sent the following report:

Kelli has been over in the U.S. for the past 2

weeks attending a 3 day rock concert, visiting New Orleans, Nashville & Tennessee. She competed in the

Fashion Contest yesterday at Churchill Downs, Kentucky & was going back today to watch the Kentucky Derby.

She didn't make the top 10, but a lady with a dog did & some other ladies with some weird outfits did. I

have attached a picture of the final 10 & a picture of Kelli with the winner afterwards

The 4<sup>th</sup> of May was designated as Star Wars Day – “May the 4<sup>th</sup> be with you”. **Mr Gruff** and his sister, **Layla** got into the spirit of the day.

**Blake and Adam Zur** are having a belated honeymoon and

are currently in Copenhagen, enjoying the boats and the canals. The spring weather still looks a trifle chilly

## The Storm Story

The recent storms in Newcastle caused some problems for a number of members with loss of power and flooding.

**Ashleigh Barber** went out to get some groceries and when she returned half an hour later she found that the road to her home was completely blocked by floodwaters.

*Ashleigh's first sight of her road home*

Four days later the road was still blocked and Gilliston Hts had become an island cut off in all directions.

But by then the ever resourceful residents had organised a boat service to get back and forth.

Volunteers with boats all came to help ferry people and goods across and donations flooded in (pun intended) to provide food and water to the beleaguered residents.

*The ferry service begins*

After 3 days the power came back on but even as I write the roads is still blocked by water.

Ashleigh and her mother, our club secretary, Jannelle Tremenheere, were among the volunteers who helped organise the donations and manage and assist in the regular 'ferry trips' each day.

*Some of the donations received.*

Coles at Kurri donated pallets of food and bottles water and individuals donated for dogs, horses and cats as well as people.

*Pallets of water and toilet paper donated for the residents*

The volunteer boat service allowed residents to get their dogs off the 'island' and there were a number of horses who had been rescued and brought to higher ground so food was brought in for them as well.

*There a road under that water*

*Ashleigh Barber and friend Rachel Thurling in life vests, ready for another day of volunteering on the ferry boat service. Rachel shows a Field Spaniel .*

*Jannelle Tremenheere in her volunteer vest, organising the delivery of the food and the passenger service*

As I write, Ashleigh has been advised that the waters will not go down for another week, so she and the Griffons have evacuated for the time being so that she can get to work and earn some money. She will be staying with friends until the waters go

down

*the road ends and the water starts*

*The volunteers negotiating the boat across the flooded waters, avoiding trees and branches*

*Ashleigh and some of the volunteers stand where*

Ginny the Griffon decided that she was definitely going on the boat trip and got into a bag to make sure she wasn't left behind.

*Ginny in her bag – Don't "Leave without me Mum"*

The importance of this volunteer service can be summed up by one very grateful person who wrote the following

*Tonight I'm very grateful for the kindness is the world. My grandmother is still without power but has the most amazing network of neighbours and finally got to talk to her today.*

*And some friends and their families who were stranded themselves in Gilleston heights but rallied and helped get people and food across on their boat. You guys and truly amazing xx well done Rachel Thurling Ashleigh Barber Kelly Andkids you guys are stars!*

Our club is very proud to have members of the calibre of Ashleigh and Jannelle. What a great job they have done!!

**But** it didn't stop there.

The next weekend, when Ashleigh was finally able to drive in and out of Gilliston Hts she went to a weekend dog show at Grafton- and the weather followed her! The second east coast low hit the Queensland border and northern NSW regions and Grafton was in the middle of it.

*Grafton dog show fashion – shoes and mud*

However proving that you don't have to be mad to

show dogs but it helps, the intrepid exhibitors kept on showing amid mud, slush, pouring rain and gale force winds.

*Some of the damaged gazebos after the winds*

Luckily for everyone at Camp Ashleigh they weathered the weather well and apart from the mud they didn't have anything else damaged.

And the roads actually opened on Sunday afternoon so they were able to drive home safely.

Liz Hollingshead in Queensland also had some dramatic rainfall with 300 mls falling in a few hours and multiple power cuts.

Luckily now that storms are over everyone is Ok and the Griffons are all safe which is the important thing.

*Teebo is exhausted*

*Bart and Gigi say hello*

*Bunty didn't win anything but decided she would pose anyway*

## The Griffon Picnic

Put this date in your diary and pack your picnic basket

We hope to see as many Griffons there as possible.

## Griffons Enjoying Easter

**Sharyn Wood's boy, Billy**, had an Easter holiday with his Poodle friend while his mum was away.

**Ashleigh Barber's** Griffons found Easter so exhausting that they just had to catch up on their sleep

**Jillian Matthieson's boy, Henry** had to show off his Mohawk haircut, although Mavis does not look impressed

"Well then – does it look better in the garden?"

**Terri Odell's Griffons**

all had a competition to see how many Griffons could share the one bed. How many can you count?

And **Andrew Gerogiou's** three boys all did the same – there were 3 in the bed and the little one said...

## Our Club's 2015 Championship Show

Our third Championship show was held on March 28<sup>th</sup> at the Hillsborough Dog Show Grounds in Newcastle.

Our judge was the well-known Toy judge, Mr Tom Couchman, officiating at his last NSW judging appointment.

We had a good entry of 47 Griffons in the breed classes plus special classes and property classes.

*The Best in Show Trophy and Ribbons*

As well as the exhibitors it was lovely to be able to welcome some new members who came along to see the Griffons, some who are already Griffon owners and brought their Griffs along to cheer, and others who are hoping to become Griffon owners in the near future.

We had a fabulous trophy table and were overwhelmed by the support of our members who so generously donated to help pay for the ribbons and trophies.

*Best in Show winner, Ashleigh Barber, receiving her trophy. Some of the other wonderful trophies can be seen on the table behind*

The Griffon metal cut-outs (both rough and smooth) were especially commissioned for the show and will be a wonderful keepsake for all the winners.

Mr Couchman judged the dogs with courtesy and

sensitivity, he was very thorough, knew what he wanted and showed consideration for the dogs.

The show began with a parade of Golden Oldies. This is a non competitive class for Griffons over 10 years if age just to strut their stuff.

*The Golden Oldies*

The Oldies like the chance to have an outing and enjoy the fuss. In the parade there were 3 Griffons- Teasel who was 10 and a half, Yogi who was 14 and Boston who was 11.

As usual the show had a relaxed and friendly atmosphere with all exhibitors showing true sportsmanship.

There was a very strong entry and in the end the Best in Show (also Open in Show) was awarded to the well performed red smooth, the Dog Challenge winner, **Ch Cricklewood Night of Magic in Paris**. Owned by Ashleigh Barber and Michelle Parker Brien, and handled as usual by Ashleigh, he is a 3 year old dog of correct size and balance, weighing 4.7kg. He was bred in New Zealand by Sandie Fever of Paris Griffons and David Fifield of Cricklewood and came to Australia as a young pup.

*Best In Show Ch Cricklewood Night of Magic in Paris with Ashleigh Barber*

**Judging Best in Show- The Dog CC winner in front and the Bitch CC winner behind**

Reserve in Show, also Aust bred in show, went to the Reserve Dog Challenge, **Gr Ch Balliol Gellert Grindalwald**, a rough red male of 4 years of age who is a half brother to the BIS winner. He was bred by Michelle Parker Brien and is owned by Michelle and Jannelle Tremenheere, who handles him.

Both these dogs were sired by NZ Ch/Aust Ch Paris Night

Fever, owned and bred by Sandie

Meads. Sadly he died just a few days before the show so it was nice for his children to do so well in his memory.

**Gr Ch Balliol Gellert Grindalwald**, handled by Jannelle Tremenheere, during the judging.

Bitch Challenge winner and also Intermediate in Show went to a young bitch **Ch Nagpuni Midnight**

**Mischief**, owned, bred and handled by Terri Odell. She has had a very promising show career so far and can only continue to improve as she matures.

**Ch Nagpuni Midnight Mischief** with Terri Odell

Reserve Bitch Challenge went to another young bitch, also from the Intermediate

class – **Ch Balliol Impish Incantation**, bred, owned and handled by Michelle Parker Brien

**Ch Balliol Impish Incantation**

Other results in the show were;

**Baby Puppy in Show – Shigriff Say My Name**- Owned & Bred by Michelle Gurney and Caroline Elder and handled by Kait Elder

**Puppy in Show – Rosndae Upper Crust** – Owned & Bred by Ros and Dave Finch and handled by Ros Finch

The Country Griffon Bruxellois Club of NSW Inc.

**Junior in Show – *Ch Raweke Toffee Truffle*.** Owned and bred by S Thomas and handled by Jannelle Tremenheere

**Veteran in Show – *Ch Shigriff Storm in a Teacup***- Owned & Bred by Michelle Gurney and Caroline Elder and handled by Kait Elder

**Neuter in Show – *Ch/Neuter Ch Balliol Fezzwig Fever***- owned and bred by Michelle Parker Brien and handled by Claire Parker

#### Breeders Team Competition

We were very pleased to have an entry of 5 Breeders teams in the show, and it was a lovely sight to see so many Griffons in together, showing off the quality and the personality of the Griffons today, from some of the top

kennels.

The spirit was also one of fun and good humour which the judge also joined and the

dogs and handlers all enjoyed themselves.

The winning team was Rosndae Griffons of Ros and Dave Finch who had 3 rough reds-Mischa, Rosie and Archie in the team.

*The winning Breeders Team*

#### First Time in the Show Ring

We were also pleased to welcome some first time Griffon exhibitors to the show.

Sarah Peddie McGuirk handled Bingo in Veteran dog for the first time and she did a great job, taking him to Opposite Veteran in Show.

*Sarah and Bingo*

Rachel Newell, handled her new puppy Lupin in Puppy class at their first ever show and Lupin showed like a little professional and had a great time socialising with the other Griffons afterwards as well

*Rachel and Lupin*

Sheena Jackson wasn't quite brave enough to go into the ring with Bennie, so his breeder, Terri Odell, handled him for her but Sheena had a go at stacking him on the podium after the show.

*Sheena and Bennie*

# Thank You

## Thank you to our Members

We were honoured and overwhelmed by the generosity of our members who donated towards our show trophies and helped make the show such a success.

We had two generous sponsors; John Sheppard of True Iconic donated prizes for every class winner and Brett Garrett from UXC Eclipse gave a very generous donation.

### UK

There have been two major Griffon shows in the UK since the last newsletter.

### Crufts.

The first one is the biggest dogs show in the world.

Sadly, this year it was plagued by the supposed animal rights activists. They don't think anyone should own a dog and are opposed to all breeding. They spoilt a lot of the pleasure by posting erroneous photos and making wild and unfounded accusations against exhibitors.

One nutcase actually ran into the ring during Best in Show Judging, waving a huge banner about Mutts and scaring the BIS winning dog. The dog's handler had to quickly get the dog to the other side of the podium to protect him, before the security finally dragged him off.

However, despite the lunatic fringe, the Griffon judging proceeded without any nonsense with a very knowledgeable judge – Mr David Guy of the well known Donzeata Griffons presiding.

The Country Griffon Bruxellois Club of NSW Inc.

He had a good entry and found his Best of Breed in M. Swinges bitch – UK Ch Balthazar Roxanne.

**Crufts Best of Breed – Ch Balthazar Roxanne**

Dog Challenge went to Menwinnon Sunburst owned and bred by M. Marshall

**Dog CC winner Menwinnon Sunburst**

Interestingly it was a Menwinnon bitch who won Best of Breed last year at Crufts under another well-known

Griffon breeder, Alison Price.

Reserve Dog Challenge was UK Ch Marquant The Heart Throb, owned and bred by Alison Price

**Res DCC Ch Marquant The Heart Throb**

Reserve Bitch Challenge was Cilleine Another Day owned and bred by D Barney.

**Res BCC Cilleine Another Day**

Best Puppy went to Beauview Colour Squadron – a black & tan smooth boy  
**Beauview Colour Squadron**

Also interesting was David Guy's critique where he echoed some of the concerns that Alison Price also outlined in her 2014 critique. Both lamented the loss of breed type with an increasing

number of dogs with longer backs and lacking substance

David Guy' commented *"I did have to compromise but that is what judging is about. We have lost a lot in substance giving way to a more tubular shape which is not a Griffon but I was able to find enough of the correct type to please me. Hindquarters need to be a focus as rear movement is a problem with many having little or no drive. I personally am a great advocate of exercise which is good for muscle building but also good for animals mentally & feel that several would benefit greatly if this was introduced or increased in their daily routine. Front movement continues to be difficult as a true Griffon will always appear broad in front but must not be out at elbow when moving. Presentation was good on places but could improve across the board; this is a very important element when competing at a higher level and gives the breed a much better chance in group competition."*

## Griffon Bruxellois Club Championship Show

The Griffon Bruxellois Club (UK) is the oldest Griffon Club in the world, founded in 1897 and still going strong over 100 years later.

The Country Griffon Bruxellois Club of NSW Inc.

On the 12/04/15 they held the annual Championship show, carrying on a long and grand tradition. The judge was an ex UK Terrier man and now respected USA judge and professional handler, Peter Green.

His Best in Show and Dog Challenge was a B&T smooth, Beaview Raining Men, who is a litter brother to Yorkie, Beauview Branch Office, who now lives in Victoria.

*Beaview Raining Men*

The Res Dog CC was Ch Marquant The Heart Throb, following his reserve DCC at Crufts.

The Runner Up Best in Show and Bitch Challenge went to Marquant Sweet Dreams, bred and owned by Alison Price

Reserve BCC was Ch Cilleine Image Sternroc, who came from the Veteran class

*Ch Cilleine Image Sternroc*

Best Puppy went to Beauborne Galileo (photo not available)

## All Champion Kennel

The show was also a highlight for **Alison Price** of the renown **Marquant** Griffon kennels. They achieved the Championship title for their bitch - Marquant Sweet Dreams. She is owned and bred by Alison's daughter, Ffion Price, has recently joined her mother in the Marquant Griffons. Ffion handled her to win all three CCs needed for the UK title.

Alison said that this win has enabled Marquant to be an All Champion Kennel and all the Marquant adults/breeding stock are now Champions.

Considering how difficult it is to gain a UK title this is a remarkable achievement.

Is this a first in the UK?

## Sydney Royal 2015 Results

Sydney Royal saw a strong entry of Griffons for the Japanese judge, Mrs Sumiko Ikeda.

## The Stud Dog

*(All photos in this article are from stud dog ads from the 1920's and 1930's. Now days people rarely advertise their dogs in this way but they provide an interesting insight into past practices)*

It is a common and incorrect assumption that all males can be stud dogs and that owning a stud dog is an easy way to earn money from stud fees.

Not all dogs are good stud dogs and not all dogs should be stud dogs. Just because the dog is male does not mean that he should be bred from.

Owning a stud dog is a responsibility and should not be taken lightly.

**What is a Stud Dog?** A stud dog needs a number of characteristics:

- He should be sound and healthy with a good and typical Griffon temperament. He should have had any required health tests to ensure that he has no unwanted issues to pass on.
- He should be a quality example of the breed and meet all the requirements of the breed standard.
- He should have a strong pedigree and have a background of quality and healthy dogs of good temperament
- He needs to be willing to mate and to know what to do when he meets a bitch in season.
- He must be fertile.

### Mating

A bitch comes into season about every 6 months. She will stay in season for 3 weeks or 21 days. In that time she will only stand for the dog and mate with him for about 5 days- typically day 10 to 14 with individual variations for each bitch. A progesterone test is recommended to determine the best day to mate the bitch.

Traditionally the bitch goes to the dog for mating. In an ideal situation the bitch owner takes the bitch to the dog, observes the mating and then takes the bitch home. If this cannot be done then arrangements need to be made to get the bitch to the stud dog and she will stay there until mated.

However the bitch should only be with the stud for the time of the mating- usually about a week at the most. With modern methods of progesterone testing it is possible to send the bitch to the dog when she is ready to stand so that she is away from home for the shortest time possible.

A good stud dog knows when the bitch is ready to stand and will conserve his energy for that time. When the bitch is ready he will mate her.

A dog and bitch should never be left together when the bitch is in season- they should be kept separated until mated and then separated again until the season is finished

**The Tie**-The dog's penis is different to many other animals – it has a large bulb at the base of the penis. When a dog has mated the bitch the bulb swells up and the bitch's vulva tightens, locking the penis in. This is called "the Tie" and can last anything from 5 minutes to 1 hour, most commonly 15 – 25 minutes.

Because of the tie you can never leave dogs unsupervised when they are mated- if the bitch or dog pull away suddenly when 'tied' the bitch can be damaged internally or the dog could damage his penis.

At the start of the mating the dog will mount the bitch from behind and hold her with his front legs wrapped around her waist. When tied the dog will get down from the bitch's back and stand next to her at a slight angle or he will turn. When he turns he will lift one back leg over the bitch and they will stand back to back looking in opposite directions

The 'stud master' will hold the dogs steadily together and assist the dog when he turns. It can be very awkward and uncomfortable for the 'stud master' during the tie, especially if they have a dog who will only mate on the ground.

After the tie finishes the dog then needs to be watched to ensure that the penis retracts fully into the sheath- if it is left out too long the penis will swell up and become damaged. The stud master will always watch for this.

### Stud Arrangements

The owner of the bitch needs to choose on a stud dog that will complement their bitch.

They need to think about this well in advance of the mating and contact the stud dog owner well before the bitch comes into season. It is unfair to contact the stud dog owner when the bitch is in season and expect them to drop everything to mate the bitch. This is particularly so if the stud dog owner has to travel any distance to pick up the bitch -ie from an airport etc.

It is usual for the dog to mate the bitch twice but if the dog is fertile and a progesterone test has been done to determine the right time to mate the bitch then one mating will be sufficient.

### Other Things to Know

- The number of pups born is determined by the bitch and the number of eggs that she produces. If the dog is fertile he will impregnate the eggs produced.
- The dog is not responsible for what happens in the bitch's womb. He cannot control premature pups, mummified pups, placentas detaching etc
- The dog is not responsible if pups die in birth – the bitch owner is responsible for that.

### Stud Fees

The stud fees are set by the stud dog owner and they should be discussed, along with any terms well in advance.

Traditionally the accepted practices are:

- The stud fee is for the service or mating- it is not for the guarantee of pups. Sometimes if the dog is not a proven producer the stud owner may either offer a stud service at a reduced price or free in order to prove the dog.

- Unless stated otherwise, the stud fee should be paid at the time of mating. Sometimes the stud owner will offer a free return mating if there are no pups or if it is a very small litter. They are not obliged to do this and if they do it is out of the goodness of their heart
- Traditionally the stud fee is equal to the price of a pup ( however many Griffon stud owners charge much less as they know how hard and expensive breeding a Griffon can be)
- The stud dog owner can set conditions on the mating and it is up to the bitch owner to be sure about them. Some people restrict the number of pups in the litter that can be registered on the main register, some insist on certain health tests for the bitch before mating. It is the stud dog owner's prerogative to set these conditions and it is the bitch owners prerogative to either accept them or look elsewhere.

### Other Arrangements

- Sometimes instead of a stud fee the stud owner wants a pup instead. If this is the case you must be very clear in the arrangement and decide prior to mating, what will happen if the bitch only has one pup or if the pup is not the gender that is required.
- Sometimes the stud owner will not take a fee but will want a return stud from the bitch owner, if they also own a dog. This arrangement has been the cause of much misunderstanding and disputes. It is a messy arrangement and must be carefully discussed in detail and ideally in writing) before mating. Points to consider are: Is the return stud for a specific dog only or for any of the bitch owner's dogs? Is the return stud to be carried out in a particular period of time and will it lapse after that time? What happens if the dog required for the return mating becomes sick, sterile or dies prior to the mating? What happens if the stud dog owner changes their mind and no longer wants to use the stud dog for a return mating? This must all be decided in advance to avoid any confusion.
- Many stud dog owners now have a stud contract which clearly outlines their expectations. This can be very useful because even if it not legally binding it at least clarifies the expectations of the stud dog owner and the amount of liability or responsibility they are prepared to accept.

### Other Costs

- If the bitch stays at the stud dogs home for mating then arrangements have to be made for the food and board of the bitch. In many case the stud dog owner will not charge board but this needs to be discussed prior to the mating.
- Sometimes, for any number of reasons the mating may not take place naturally but an AI may be needed. If this happens then the bitch's owner is liable for any vet costs incurred for the AI. You can usually only get an AI with a proven stud dog and in almost all cases it is the bitch that requires the AI not the proven dog.

### In Summary

1. Discuss any arrangements in advance
2. It is the stud dog owners right to place any conditions on the mating. If you don't like the conditions don't do the mating
3. The bitch goes to the dog for mating and should be there for as short a time as possible
4. The stud fee is for the service only, not for a guarantee of pups.
5. The stud fee should be paid at the time of mating unless otherwise discussed.

## More Griffons Enjoying Easter

**Mr Gruff** and his sister **Layla**, enjoyed some time at the beach

**Midnight** learnt to barrel roll because you never know when you might need this skill.

**Jocelyn Walker's Griffons** spent some time at the beach and then went visiting to enjoy a bit of Griffon mugging

### Ginger Beer

And for something different – even though it has nothing to do with Griffons – here is a recipe for delicious and easy Ginger beer that has been sent to me from Terri Odell- and I am willing to taste test for anyone who makes some ginger beer at home, and not only is it easy, but it's also great for you See the link below for the full recipe

## 2014-2015 Point Score Competition

We have had one more point score show since the last issue. That was the Wollongong AB show held at the lovely grounds by the beach in Wollongong on March 1<sup>st</sup>.

Best of Breed and Bitch Challenge was **Ch Raweke Toffee Truffle** (see left) who also won Junior in Group as well.

Dog Challenge and Runner Up Best of Breed was **Gr Ch Balliol Gellert Grindalwald** (see right). Both winners were shown by Jannelle Tremeneere so she had a good day at the show.

Reserve Dog Challenge went to **Raweke Bart**, who is down in NSW on a visit from Queensland

Reserve Bitch was **Ch Balliol Gertie Giggles**

**Ch/ Neuter Ch Balliol Fezzwig Fever** won the Neuter certificate and also went on to win Neuter In Group.

There are only three more point score shows in this current competition. They are :

### Please note:

- The point score show on 13<sup>th</sup> June at Dogs on Show will also feature a breed stand from our club highlighting Griffons to the public so all members are asked to come and help

- The last point score show for the competition on Saturday 27<sup>th</sup> June at Warners Bay Dog Sports Club will be the PM show not the AM one as we usually do. This is because I am

At the present time the Point Score Top Positions are:

## Griffon Buyer Register

Because of the amount of interest in Griffons and the number of people who would like to have a Griffon join their family, our club has now established a Griffon Buyer Register which will help people obtain a Griffon, either a puppy or an older dog.

This rules and requirement of this register and the forms to be completed can be seen on our club website

at the link

<http://oz.dogs.net.au/griffons/puppy-registar.asp>.

We are a very large club and most of the Griffon breeders in NSW are members of our club. We also have members who are breeders in Victoria, Queensland and New Zealand.

Our members also all follow a Code of Ethics and do all they can to breed healthy well socialised Griffons so that you have the best chance of getting a healthy and happy new family member

If you are interested in getting a Griffon please have a look at our register and complete the forms which can be downloaded there and we will do everything we can to help you get your new Griffon friend and companion.

We are very pleased to say that we have so far assisted 5 members to get there new Griffon family member
