32. Aimsway Ripepi AZ – 30/5//15- 2100430145

Sire: Pepe Von Der Zenteiche x Dam: Aimsway Vegas Glitter
Brd:J & L Martens Exh L.Summers/P Alder

59.5 29.5 depth well above middle size , above middle strength, black and gold bitch of particularly good type, pleasing strength of feminine head where the eye could be just slightly darker, very good angulation of forehand, good wither, firm back of good length, short and steep croup, good underline, her hindquarters are of the maximum acceptable depth and for me in a young adult need to be rather more stable, she presents a particularly pleasing picture in stance, firm back, close away, stands correct fore and aft, moves well with good reach and drive covering the ground with ease with ease and showing willingness to work but her deep and rather exaggerated hindquarters prevented me from promoting her further in a class of very good quality females. I would hope this is taken into consideration when breeding from her.

33. Awatea Ymiss Suzie AZ – 24/11/15 - 3100332530

S: Calle Vom Westervenn (Imp Deu) X D: Awatea Nighttime Hussy

61.5cms 29 depth, very large, feminine expressive bitch of good type, slightly wide set ears, good feminine head and expression, good length of neck, pronounced wither into a good firm back which should not be shorter, short steep croup, long and somewhat steep upper arm, good underline which should not be shorter and well developed hindquarters where the second thigh could for me just be a touch longer, shown in very pleasing condition, slightly close away, good well with good reach and drive when settled, and it did take her some time to settle today. With better ring presentation this female could well feature more positively in the class positions – she is however, a clear excellent female.

wither, firm back of very good length, slightly short slightly steep croup. Very good angulation in the forehand where the pasterns are just slightly steep, good chest development, good underline and very good hindquarters, foregoing a slight issue with overall pigmentation, she presents a very good picture in stance, stands and moves correctly fore and aft, a very balanced co-ordinated mover where the front reach could be slightly more effective and the pasterns detract slightly, very good hindquarters, she was of obvious quality but at times just became a little 'workmanlike' in her presentation this morning. Another excellent female.

35. Roxamburg Harley's Halo AI – 13/1/16 – 7100035362
