

BULL TERRIER TROPHY SHOW

^{Terrier}

I really enjoyed my day with the Bull Club of Victoria. My top winners were most pleasing and of Champion class. I found a lot of indifferent fronts and flat feet - a few bad mouths and quite a number were very overweight. On the credit side the majority moved pretty decently behind - there were several very good heads and temperaments were 100 %. In my view the big problem is fronts.

My sincere thanks to the committee who were most welcoming and so kind in driving Mr Langford and myself around to see just a little of your beautiful country - And my thanks to the exhibitors for giving me the pleasure of going over their dogs. I am sorry to have disappointed so many. Thank you for having me and my very best wishes for your future breeding plans - (And don't forget the fronts).
