Firstly I would like to thank the weather gods – although they were not particularly kind it could have been an awful lot worse. It always amazes me that many of you will drive 14 hours give or take to exhibit and I am honoured that so many of you did. I treasure every opportunity to put my hands on our beloved breed. Thank you to the club and committee who have worked so hard to put on such a seamless event. Our accommodation was lovely and after show hosts were second to none.

Your strengths lie very much in your rear angulation, croups and tailsets overall. I think that we at home like you are struggling with forequarter angulation. My winners and reserves, however were just superb, along with some that just missed out! I would have to say that having visited this year's Silverwood competition and BTCA specialty it would have been very interesting to see how the top dogs in Australia would fare in the ring against the USA contingent.

Thanks again for inviting us to judge. We had a BALL!
