### Critique:

I would like to take this opportunity to thank the A.C.T. Bull Terrier Club, for the invitation to judge their Championship Show. As it was my first champ. show, it will always remain a 'special day'.

My thanks to those who were kind enough to allow me to access their bullies, I do appreciate the distance that most of you had to travel. Although not a big entry, I was impressed with the quality, particularly in some of the younger dogs. The size in the minis I feel is still a concern, however the quality cannot be denied.

Thank you all for your support.

Patricia Puffett
