

As a Club charged with upholding the reputation of our breed and breeders, we sought advice from our breeders regarding the what they feel is the safest way to ensure that you get a pure bred, registered puppy. Here is the result.

Say no to puppy scams by following the guide below

1. When looking for your new family member, check the club webpage www.airedaleclub.com for a list of approved breeders. This list will also show who currently has puppies and all breeders listed are happy to discuss their future plans and give you some guidelines on when they could be expecting their next litter. To be on this list breeders must be able to assist you with things like grooming, training and if you are purchasing for show they have committed to guide you through the process involved.
2. We do not recommend payment of a reasonable deposit until the puppies are born. You may not get to 'pick' your puppy until 8 weeks when the breeder will have assessed the litter and decided which puppies are staying for showing and to continue the high quality of the breed.
