**10<sup>th</sup> to 13<sup>th</sup> October 2019**

**The Bill Spilstead Complex for Canine Affairs  
44 Luddenham Rd, Orchard Hills NSW**

**Conformation Judge: Mrs Heidi Poschacher (Austria)  
“Borderline Country” Border Collie Kennels**

*My first visit to Australia was twenty years ago. That is some generations of dogs that have been bred meanwhile, and I was thrilled to see how the breed had developed and how the breed has changed especially compared to our dogs in Europe.*

*Especially through the last twenty years, the conformation quality in Europe and globally has changed a lot, through the many imports first from New Zealand, soon followed by many dogs from Australia to all over the world.*

*Those imports enabled the breed to improve regarding type, structure, soundness, short hocks, coat quality and especially showing attitude and the will to gait. The “fun-factor” joined in for both ends of the leash and slowly it got acknowledged that the versatility of the Border Collie had to be added as a brilliant show dog too.*

*Especially in the dogs, I found some premolars missing and some mouths not in the best condition, a problem that should be taken care of when breeding, as it would be a pity if this gets a major issue. How can you get rid of it then again?*

*Many thanks to the Committee and all exhibitors for the warm welcome, the friendly atmosphere and for bringing your dogs. I was very honoured being allowed to give my opinion on them and laying my hands on them, I wished that I could have stayed longer on those beautiful Border Collies.*
