President's Report

Dear Members,

Welcome to our BTCV Autumn 2023 newsletter.

On the 29th and 30th of April the Club held its Championship & Open Shows. We had a great entry and a enjoyable day was had by all. A big THANK YOU to our International judges, Jamie Emmet (UK), Fanie Van Der Linde (South Africa) who judged our 2 Championship Shows, and Alison Sutcliffe, who judged the Open Show. Congratulations to all the winners, not only of the shows but the raffles and auctions as well.

I would personally like to thank the interstate exhibitors who travelled from South Australia, Tasmania & NSW, to support our Club. It's always great to catch up with fellow Bully breeders and exhibitors from around the country at these events. Thank you to all our Victorian exhibitors who travelled from all over the State to be part of these shows.

I've had many messages from people telling me how fantastic our trophy tables looked. All the credit goes to our Show Secretary Sharelle Humphrey & Shane for making most of the Trophies they looked AMAZING!!

Another person I need to thank is Kellie from Kellie Jayne Photography. Kellie took the pictures for our Club & The Bull Terrier Miniature Club of Vic. over the weekend.

I cannot finish talking about the Shows without mentioning our corporate sponsors, Hypro Premium Dog Food, Rover Pet Supplies, Orivet and T&S Pet Products. Thanks also everyone who sponsored our Trophies and sashes for all 3 shows. Without the support of all our sponsors we wouldn't be able to make our shows as awesome as they are.

Our monthly on-line Facebook auctions will continue throughout the year. The Auctions have been very well received and have even included some fierce bidding wars.

We are planning to have another "Bully Walk" soon, so keep your eyes peeled for upcoming announcements as to when and where they will be held.

Anyway enough of the rambling on from me. Until next time.....

Cheers Jen Woodsell

BTCV President.

From the Secretary

Hello Members,

Just a quick note to say how wonderful it is to have a full committee again. I can hopefully find time to focus on some other jobs like updating our pet expo paraphernalia and the club can start to hold Bully Walks and attend expos again.

Results and photos are published in this newsletter, please note that show pics can be purchased from Kellie Jayne photography via the link.

Cheers Deb

ATTENTION BREEDERS!

DOPPLER TESTING

Our next Doppler clinic will be on 20th September starting 10am for 5 dogs at the Werribee Clinic facility (previously UVET) which has now reopened under Green Cross. I have one spot left for this date. I will try and book monthly dates after this.

You may not be aware but Richard will test puppies as young as 7 weeks old. A breeding clearance cannot be issued for animals under 12 months of age but as bull terriers are mostly born with their problems, it is useful if you want to avoid running on an animal with an issue. Cost is the same as for an adult dog as exactly the same procedure is required.

If you would like to put your name down for an upcoming clinic or would like more information please contact me directly. Your test results are confidential and you are in no way obligated to divulge your results to anyone. The reports are emailed by the cardiologist directly to you.

This is an opportunity to test your breeding stock at a rate of \$300 per animal which is enabled due to having a booking of 5 animals.

Cheers Deb Patterson 0403210590

SUPER PREMIUM PET FOOD

Finely crafted. Wonderfully balanced.
Real Ingredients. Real food.

PROUDLY AUSTRALIAN MADE

Surrounded by farming and fresh produce, our state-of-the-art facility is nestled at the heart of the Hume Valley, the historical food bowl that's been serving Australians since 1794.

Our gourmet recipes are produced locally, right here in this big river country of the Greater Blue Mountains.

Our products are Australian made, using locally sourced Australian ingredients, from Australian farmers.

Hypro Pet Foods
13 Box Avenue Wombat NSW 2756
P 1300 070 125 E info@hypropetfoods.com.au www.hypropremium.com.au
Facebook.com/hypropremium Instagram.com/hypropremium

HYPRO PREMIUM GRAIN FREE RANGE

High quality, natural ingredients help maintain the health and well being of all dogs and cats.

INTRODUCING OUR WHOLE GRAIN RANGE

Our whole grain range is a great source of energy, containing carbohydrates, fibre, energy from brown rice and oats.

NUTRITIONAL BENEFITS

PROUDLY AUSTRALIAN MADE
Australian made Super Premium pet food using only the finest locally sourced Australian ingredients from Australian farmers.

FINELY CRAFTED WITH REAL MEATS
We use real chicken, kangaroo, duck, turkey, lamb and fish to provide nutrient rich animal proteins and essential amino acids.

SUPERFOODS AND MADE WITH EMU OIL
Emu oil is recognised for its potential anti-inflammatory properties and is beneficial for both dogs and cats skin plus joint health.

HEALTHY SKIN, LUSTROUS COAT
Sardines, flaxseed, fish oils and skin care products essential fatty acids (Omega 3 & 6) to help maintain healthy skin and shiny coats.

WONDERFULLY BALANCED INGREDIENTS
Optimal nutrient ratios of proteins, fats, vitamins and minerals to support health and wellbeing.

HOLISTIC NUTRITIONAL INTEGRITY
Our range of gourmet recipes exceed AAFCO standards, are all natural and hypoallergenic, free from fillers, preservatives and artificial colours.

SUPERFOODS AND NATURAL ANTIOXIDANTS FOR IMMUNITY
Blueberries, cranberries, carrots, alfalfa, tomatoes, blueberry, cranberry and apple help support the development of a strong immunity.

BULL TERRIER CLUB OF VICTORIA

Critiques—Jamie Emmett (UK)

29/04/23

Class 1 BPD (1)

1. Pattersons **POTENS WILD HUNT**, 5 and half month old Brindle and white, head had good length, good bite with 1 tight canine, ears still down, good front assembly, straight front and tight feet, lovely dark mahogany coat, good bone, movement as expected for age.

Class 4 JD (3)

1. Hansens **BRAXSTAR BORN TO BE BAD**, 12 month old white, head had good width and fill, correct bite, good ear and eye placement, straight front with good bone, feet a touch untidy, movement a bit un-coordinated and difficult to assess.

2. Dowalls **JACAMAR GYPSY KING**, 12 month old, good head with nice width and fill, bite under, very similar in make and shape to 1, just a touch bigger, close decision between 1 and 2.

3. Dicksons **BULLRAIDER MAD MAX**.

Class 5 INTERMEDIATE DOG (2)

1. Brasshead Kennels **BRASHEAD BUTCH CASSIDY (AI)** 18 month old red and white that caught my eye as soon as entered the ring, good head, correct shoulders and well defined fore chest into straight front, level topline which held on the move, tail set correct, good quarters, moved well both ways, well handled. **BD, BOB**

2. Aldridge & Symons **CH SIRRAM SIAM**, 2 year old white with red ear, well made throughout but preferred the head of 1, movement was good coming and going, well handled.

Class 10 AUSTRALIAN BRED DOG (2,1)

1. Sutcliffes **SEMAJON BOB MARLEY**, 3 year old white, strong head, slightly spoiled by callus on bridge of nose, and teeth missing, excellent fore chest into straight front, feet could be tighter, well made throughout, moved ok.

Class 11 OPEN DOG (2)

1. Wisemans **BULROARUS THE BOSS**, 2 and half year old white with black ears, head had plenty of width and fill, correct bite with one tight canine, good shoulders and fore chest into a straight front, feet could be better, slightly over angulated in the rear, substantial boy, maybe carrying a couple of extra lbs. than ideal. **RBD**

2. Sharps **KAHA HIGH ROLLER (AI)** 3 year old white, not the size or substance as 1, but well made throughout, decent head with good eye and ear set, correct bite, straight front with nice tight feet, level topline which held on move.

Class 1A BABY PUPPY BITCH (1)

1. Pattersons **POTENS BLOOD OF ELVES**, 5 and half month old white with black eye patch, feminine girl with gentle profile, bite could be better, good ear set, nice straight front, lovely temperament and enjoyed her day.

Class 2A MINOR PUPPY BITCH(1)

1. Aldridges **SIRRAM ELLE**, 8 month old white with black ears, decent head, bite was ok with one canine inside, shoulders were good, nice straight front, needs to body up which will come with age, lovely temperament.

Class 3A PUPPY BITCH (5,1)

1. Bullpatchy's **BULLPATCHY BATTLE SCARS**, 11 month old white that was well made throughout, nice head, straight front with good bone for age and tight feet, topline and tail set were good, rear quarters were well angulated, would like a bit more muscle in the rear, but this should come with maturity, movement was ok.

2. Hansen's **BRAXSTAR CHARMER**, 9 month old white with red ears, good all-round bitch with a nice feminine head, bite had a couple of misplaced incisors, good in front with nice tight feet, bit loose on the move, but can be forgiven at this age.

Class 4A JUNIOR BITCH (3)

1. Humphreys **BULLROY CANDY KISS**, Not long out of puppy at 12 months of age, white with black ears, head had a nice gentle profile, good front and feet, nice topline and tailset, strong in rear, moved well coming and going.

2. Campbells **HELLOFABULL DIABLO DIVA**, 15 month old white with red eye patch, clean in profile, good ears and placement, nice shoulders and straight front, well angulated in the rear, carries tail high moved well and in lovely condition, close decision between 1 and 2.

3. Dowalls **JACAMAR BACK TO BLACK**

Class 5A INTERMEDIATE BITCH (1)

1. Bullpatchy's **BULLPATCHY MOONLIGHTS SHADOW**, 2 year old black brindle and white, nice length of head with gentle profile, bite was level, good shoulders and fore chest, level topline and good tail set, nice strong quarters that were well angulated, moved well coming and going. **BB**.

Class 10A AUSTRALIAN BRED BITCH (3,2)

1. Brasshead Kennels **BRASSHEAD PARTY GIRL (AI)**, 14 month old white with double eye patches, lovely girl with super head that was good in length and profile, bite just off and one canine inside, good shoulders and fore chest, straight front and tight feet, strong rear quarters, movement was ok. Liked this girl a lot but seemed a bit flat and didn't show herself of in the final lineup.

Class 11A OPEN BITCH (4,1)

1. Sharps **KAHA BIG BUCKS**, 3 year old white, head had good width and fill, correct shoulders into straight front, nice feet, level topline into good tail set, well balanced girl, moved ok both ways.

2. Ward&Linnane's **CH CHRYSALISS HAVANA TRI**, 3 year old tri with excellent coat,, head was ok, but would like a touch more width and fill, front was straight with nice tight feet, good in body with strong quarters, movement was good.

The Pet Show 2023

In March, The Bull Terrier Club of Victoria attended its first Expo in many years. Over 16,500 people attended the event across the weekend, which was a great way to showcase our breed to the public. Our committee and volunteers handed out tonnes of brochures to the public, and the dogs got lots and lots of pats.

The Pet Show sent a report afterwards which gave some great insights into the attendees. We plan to attend more expos in the future and are busily updating our Expo display items.

We are always looking for volunteers at Expos from members with bomb proof dogs so let us know if you would like to be considered for an upcoming event. It was widely agreed that double the dogs and double the volunteers would have been useful so that some of the dogs could have a rest (it's hard work being patted all day when you are used to sleeping).

VISITOR INSIGHTS

- 40% purchased a brand/product they haven't encountered before
- 46% intend to purchase a brand/product they haven't encountered before
- 37% better informed about pet ownership
- 47% have an increased knowledge relating to a variety of pets
- 59% more aware of the organisations supporting positive pet ownership
- 40% confident in choosing safe pet products
- 46% more insightful about the enjoyment that can be gained from owning a pet

The benefits of Apple cider vinegar

Natural chicken keepers swear by Apple Cider Vinegar (ACV) as an immune-booster, dietary supplement, and remedy for all manner of ills. Hundreds of people claim that it has improved the health and performance of their chickens. Pat Coleby, a renowned author on natural pet care swore by its benefits for all types of live-stock and dogs.

A simple search on the internet reveals that ACV:

- Quickly assimilated source of potassium (one of the principal causes of difficult births is lack of potassium).
- Kills parasites and intestinal worms.
- Helps tissue recover from exertion, prevents bruising and urinary calculi.
- Improves digestive function and feed conversion.
- Builds immunity.
- Prevents the spread of disease.
- Leads to quicker growth and better weight gain
- Maintains the correct pH in the body so that it is more alkaline and less hospitable to disease.
- ACV can change the pH of urine.
- Improves bore water

What does science say about Apple Cider Vinegar?

There's an increasing number of scientific studies that do show tangible benefits to consuming Apple Cider Vinegar.

There is increasing scientific evidence to suggest that consuming fermented foods improves digestive function. Foods, such as unpasteurised ACV, may provide beneficial microbes to colonise the gut and stimulate healthy enzyme production, improving immune response and promoting healthy gut flora.

Acetic acid, which is a main component of ACV, has been linked to improved mineral absorption and retention.

ACV is effective against bacteria, including E. coli and salmonella, meaning that ACV in drinking water can protect against the spread of pathogens and may also help to prevent infection by making the gut more inhospitable to all kinds of pathogens.

ACV in drinking water can prevent coccidiosis.

ACV can be used as an effective antiseptic at a concentration of 3% acetic acid.

ACV has anti-fungal properties effective against some of the Candida species.

Not all Apple Cider Vinegars are created equal. If you want the best results choose an organic, whole apple, unpasteurised ACV.

Pat Coleby

Pat Coleby was one of the pioneers of natural farming in Australia. She died at the age of 87 on June 1st 2015 after a lifelong love of looking after the wellbeing of farm animals. She was passionate to share her discoveries and fortunately for all of us Pat has left a living legacy in the form of books.

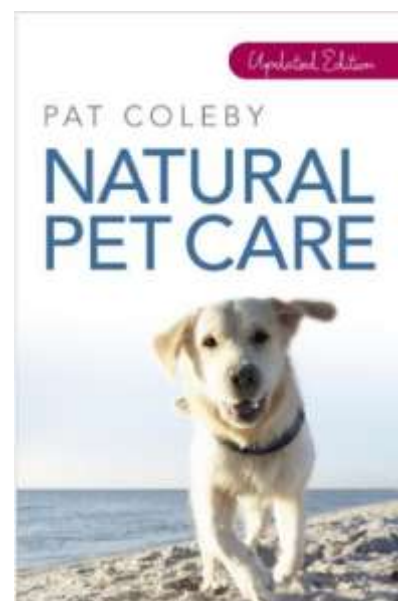

Pat was passionate about promoting ways to help farmers without the use of synthetic fertilizers and other toxic products. In total Pat wrote 7 books, which were reprinted many times and translated into other languages and provide excellent resources for any farmer and/or animal lover.

Her writings are all based on her extensive experience in the animal and farming world. Pat didn't just make a decision about animal health she was a keen observer of animals and when animals died, in the early days she would take them to Werribee Animal Research farm where the animal was dissected and she would work out where the cause of death originated.

Pat's knowledge spread far and wide and over the decades she received thousands of calls from all over the world from people seeking advice (and remember this is in the days before the Internet.) When she started she was one of the first ever to make sense to people who knew that they wanted to support animals the best they could without conventional treatments and grow their crops and pastures without synthetic fertilizers and weedicides. In fact Pat highly recommended seaweed and other naturally occurring minerals to correct many common ailments.

Her recommendation to treat snakebite with Vitamin C whilst highly successful was ridiculed by the establishment. It is now an acknowledged course of action.

The philosophy of prevention being better than a cure is a recurring theme throughout all her writings. One of her favourite quotes was "***A clever person solves problems – A wise one prevents them.***"

	<p>Balance as at: 31/3/22 \$10,673.05 Revenue: \$1985 (Catalogues \$170, Catering Lunch Boxes \$314, Entries \$1175, Membership \$146, Sponsorship/Donations \$180) Expenditure: \$814 (Catalogue Printing \$75, Float \$150, Judges Fee \$150, Stewards and Officials \$150, Trophies May 22 Engraving \$289) Balance as at: 30/4/22 \$11,844.05</p> <p>ACTION: Members would like to see a Show Profit Loss – Chris and Deb to put together for 2021/2022 shows.</p> <p>Term Deposit: Currently \$18,132.02 at 0.3% interest 7 months, matures 13th June 2022</p> <p>Best interest rate can be obtained 0.45% for 9 months. All members in agreeance to take balance to \$20,000. Therefore add \$1867.98 and reinvest for 9 months.</p> <p>Moved: John Williams Seconded: Sharelle Humphrey</p>
3	<p>Club Website – Discussion regarding difficulties using current site. Dogzonline have agreed to give us our domain if we move but this would cost club at least a few hundred dollars a year. Secretary is doing too many jobs to maintain all these roles. Sharelle Humphrey volunteered to update and clean up current site. All present in favour. Secretary to provide password.</p>
3	<p>Judges 2023 and beyond – nominations and voting. 2023 May - Trying to re-contract Westwoods (still in negotiation) 2023 November – Recontracting Tracey Fletcher and Maureen Hughes 2024 May – Phil Brodeur and Mary Remer 2024 Nov – Lorraine Shephard and Andrea Gates</p> <p>Share with Mini club and write to New Zealand to see if anyone else wants these judges. If Westwoods unable. Ask Chris Kilpatrick and partner. Dogs Victoria still haven't confirmed 2024 dates as still working on calendar.</p>
4	<p>National Council Business –</p> <p>1. NBTCA 9/22 NOM The Northern District Bull Terrier Club of NSW submits the following notice of motion</p> <p>MOTION : The Northern District Bull Terrier Club of NSW puts forward this motion to the NBTCA & affiliated clubs that all decision-making regarding ROM judge approvals be carried out by the executive committee of the NBTC(A). If the executive committee cannot come to an agreement, then the decision should be put to all affiliated clubs for voting.</p> <p>RATIONALE : Previous rules were that the executive committee made the decision of the ROM applications from the criteria submitted by the applicant. This procedure should be reinstated to streamline the process of ROM approvals without time constraints of club meetings holding up the approval process.</p>

Discussion took place regarding this motion and due to the number of issues with this motion the members feel that in its current form, we are unable to vote on it, but have provided a thorough rationale for this.

- This motion proposes a change of the ROM rules but has not been worded correctly. It also does not address the changes that would be required to Appendix form 2, which is part of the applicant process.
- Transparency concerns - in the past clubs were not notified of numerous applicants or rejections and members are not keen to return to this system.
- Incomplete applications - many recent applications have lacked substantiating evidence to prove claims. Some applicants have been denied without being given an opportunity to supply substantiating evidence, and others have been approved despite club objections and requests for substantiating evidence.
- In the NBTC(A) constitution rule 4.8. The Member Clubs are the legal basis of the NBTC(A) and all the authority of the Council emanates from the Member Clubs. This rule overpowers and holds hierarchy of any motion put forward to the contrary. The BTCV do not wish to relinquish their authority as per the motion states.
- This motion also contradicts Rule 2.1.5 To enable member clubs to take co-operative action on matters which such clubs agree are of common interest and for their mutual benefit in the promotion of the Bull Terrier.*

2. Chris Cook – application to be included on the ROM judge list

No objections

3. Any other National Council Business

Nil

5

Health

- Doppler testing groups
Discussed if anyone wants to get a dog tested then we can form groups of 5 or more for the discount rate \$275 (if at Werribee).
- Orivet conversation – Chris Cook discussed conversation with George Sofronidis regarding development of test for BT heart issues. We are awaiting instructions from Orivet further to this, and once received, will refer to NBTC(A) and appointed health officer for management.

Meeting Closed: 9pm

THE BULL TERRIER CLUB OF VICTORIA INC.

Breeder Directory Information

All members of The Bull Terrier Club of Victoria Inc. do undertake not to breed from, or exhibit, or cause to exhibit deaf Bull Terriers and furthermore that they will support the club in every way practicable to stop the breeding of deaf Bull Terrier dogs/bitches owned by members or anyone else. Members also declare that they will not offer for sale or be anyway concerned in the sale of deaf Bull Terriers. Members also agree that they will neither breed from, or offer for stud any animal which has suffered or is suffering from any inheritable painful defect. Note: The Club considers any dog deaf that cannot hear perfectly to be deaf.
