

Thank you to the Bull Terrier Miniature club of Victoria for having me judge your show. The ring and prize table were exceptionally well setup and it was a pleasant area to judge in. The quality of Bull Terrier Miniatures I judges was exceptional. I believe Australia have some of the highest quality, well-constructed and therefore sound Bull Terrier Miniatures. What I was so please to see is that most of the dogs looked like Bull Terriers in a miniature version not a breed on their own. In Dog and Bitch challenge line up I was very happy with the type out there. I felt the quality in the line-up was exceptional and it was a pleasure to see with some well sizes amongst them.

DOGS

Baby Puppy Dog

1st. Schardale Sir Angelo (AI): 5 month old White dog. A very promising baby puppy with a pleasing head. Hard to assess bite at this age with such swollen gums. A great length of neck into strong shoulders with good bone. Would prefer to see a shorter length of back, but appreciate babies grow at different rates. Showed very well for his age.

2nd. Willown One Velika: 5 month old Brindle dog. Another promising baby puppy. Very well balanced and put together. Just lacking the substance of the first place winner.
