

Thank you very much for the invitation to judge your Specialty Show on 3rd November 2018. I was impressed with the improvement since I first judged them in the eighties. Mouths generally were correct with nice size teeth. Congratulations must go to the breeders whose determination to eradicate faults, which were very obvious years ago. Also for the work which has been undertaken to ensure that tests are available for health problems suffered by the breed. Many thanks to Paul and Christine Cook for their hospitality and transport to and from the Show and Melbourne Airport. I was pleased to be able to award ROM points to my Challenge winners.

Regards Moira Stewart
