

**BULL TERRIER MINIATURE CLUB OF VICTORIA.**  
**JUDGE - MRS PATRICIA WHINCOP**  
**CRITIQUES - 7 MAY 2017.**

Thank you to the members and committee for inviting me to Judge your May Show. I thoroughly enjoyed myself, good company, wonderful Mini Bullies. You will no doubt realise I never put mouth faults in my critique.

Unfortunately I was astounded by the number of incorrect mouths, right from slight to just really bad. I hope that the ones that know that their animals mouths are wrong start by doing the right thing. This problem has haunted B.T. ever since I have owned them, first in 1964. I can only say over through the years this problem has gotten worse instead of better.

I do hope you take this comment to heart if you have this problem. I have no intent to tell people what to do, but I only have these animals in my heart and know that they do suffer pain with this problem.
