

BULL TERRIER MINIATURE CLUB OF VICTORIA SPECIALTY SHOW ~ 31/10/15

JUDGE: DIANE CUTHBERT (MAOLMHIN) SOUTH AUSTRALIA

Firstly, thank you to the Bull Terrier Miniature Club of Victoria for your kind invitation to judge this Speciality Show, it was indeed an honour & a privilege. This was my first time at Bulla & given the weather on the day, the indoor ring was a hit. I loved all the Halloween decorations (less the rubber spiders of course ☺) & the Trophy Table WOW, it was just fabulous & sincere thanks for my gift, even though it made me cry, I treasure it.

Secondly, thanks to the exhibitors for supporting the Club & giving me a lovely entry of 45 & thanks for the sportsmanship like manner in which my decisions were accepted.

Thirdly & by no means least sincere thanks to Chrissy & Paul Cook (Bullpatchy) for looking after me prior to the show.

~~~~~

Having been involved with the showing & breeding of Minis since 2006 one of my concerns was their size & it still is today. After all size (should not exceed 35.5cms / 14 inches) is the ONLY difference which separates Bull Terriers (Miniature) & Bull Terriers. In my opinion, my Challenge & Reserve Challenge winners in both dogs & bitches to be of good size & mini breed type. Others presented to me on the day to me were up to size & although I didn't measure any with a stick, I would be confident to say others were oversize. To me mouths are also a concern they varied from correct, level, just reverse to undershot & canines ranged from correct, tight, partially inverted to totally inverted. I found movement went from good to average movers.

## BABY PUPPY DOG

- 1<sup>st</sup> Sutcliffe - BALGAY SPONGEBOB SQUARE PANTS  
Size good. Good head with length, depth & strength. Good front & bone. Well angulated front & rear. Moved well for a baby
