

### **Baby Puppy Dog**

#### **1st: Litton's - Nightpower Special Edition**

Nice head with dark eye, moved okay, promising youngster.

#### **2nd: Ellis' - Nightpower Special FX**

Very similar to 1 although a little straighter in stifle and not as tall.

#### **3rd: Hibben's - Bullromi Hurricane**

#### **4th: Bullmaster Kennels' - Bullmaster Mdnite Warrior**

### **Minor Puppy Dog**

#### **1st: Hill-Murray & Sykes' - Blakrouge Silent Thunder**

Well up to size youngster. Broad skull throughout muzzle with good dentition. Level topline, slightly narrow in front at present.

### **Puppy Dog**

#### **1st: Sparham & Zola's - Gameguard Intrepid (IID)**

Excellent head and expression with dark eye. Good straight front with well angulated hindquarter though very loose in movement at present.

#### **2nd: Barber's - Trammel Bono Vox**

Beautiful Red! Very pleasing head and expression, just enough pigmentation. Well up to size. Would prefer more parallel front and more rear angulation. Front should improve as chest broadens. Has promise.

#### **3rd: Williams' - Soloshel Roccabilly**

Another good-sized pup, slightly wedge shaped head, level topline with well angulated rear. Moved okay.

#### **4th: Smith's - Gaboeve O Billy Jack**

### **Junior Dog**

#### **1st: Morrissey's - Bulltiful Why Didn't You Call**

Broad skull with good mouth and well defined stop. Moved well with adequate angulation front and rear. Would have liked a broader muzzle.

### **2nd: Hurst's - Bullvalour Shot O Glory**

Well pigmented but head a little too wedge shaped. Nice front with reasonable bone and level topline. Moved okay.

### **3rd: White's - Bulltiful Its Your Call**

Nice head with broad skull. Well muscled with good topline. Moved close behind.

### **4th: Marley-Duncan's Bullmarvel Sir Zolton**

## **Intermediate Dog**

### **1st: Brownlee's - Bulwaren Might And Power**

Excellent brindle with broad skull and correct pigmentation for colour. Broad chest with real depth of brisket. Short backed with powerful rear. Moved with drive. Would like him to be more outgoing in the ring. Impressive dog. Reserve challenge.

### **2nd: Lofthouse & Spice's - Bullvalour Jack's Pryde**

Good sized with level topline and good angulation. Moved okay though slightly close at rear. Would prefer more substance.

### **3rd: Cannon's - Aust. CH Kangala Ziggy**

Broad skull but would prefer more padding on cheeks. Plenty of substance but not as good in topline as 1 and 2. Rear angulation okay.

### **4th: Spice's - Bullvalour Braveheart**

## **Australian Bred Dog**

(9 entries)

### **1st: Bullmaster Kennels' - Aust. CH Bullmaster Storm Trooper**

Broad compact dog. Straight front with excellent topline. Well-set tail, short backed. Would prefer more drive on the move.

### **2nd: Morrissey's - Bulltiful Call To Order**

Tall, well pigmented dog. Broad skull with nice expression. Good reach of neck. Didn't show himself to his advantage on the day.

### **3rd: Sparham's - Aust. CH Gameguard Arion (IID)**

Well-muscled dog with deep chest. Good rear angulation, slightly longer in back, moved well. Head is slightly weak and small in proportion to his body.

**4th: Edward's - Aust. CH Nightquest Brave Apollo**

**Open Dog**

**1st: Sparham's - Aust. CH Gameguard Bruelle**

Delightful head and expression with dark eye and well set ears. Deep chest with good spring of rib. Well boned with strong well-angulated hindquarters. An imposing dog who caught my eye. His sloping pasterns are his only downfall! Challenge.

**2nd: William's - Aust. CH Soloshel Mr Bad Guy**

A well-balanced and classy dog. Pleasing strong head and firm topline. Well-muscled rear quarters, moved well. Lacked the bone and substance of 1.

**3rd: Marion's - Aust. CH Bramarley Brook Trees (Imp. UK)**

Broad short backed dog. Well let down chest. Nicely proportioned head with good pigmentation. Movement lacked drive.

**4th: Sellars' - Aust. CH Oldworld Sampson**

**Challenge Dog:** Sparham's Aust. CH Gameguard Bruelle

**Reserve Challenge:** Brownlee's Bulwaren Might And Power

**Baby Puppy Bitch**

**1st: Bullmaster Kennels' - Nightpower Special Rquest**

Very pleasing puppy with feminine head and good expression. Well-balanced body. Moved well. Shows a lot of promise.

**2nd: Litton's - Nightpower Xtra Special**

After studying the catalogue I found that 1st and 2nd in both baby dog and bitch are littermates. This has proved to be a very good match. All were very even.

**3rd: Cannon's - Kangala My Obsession**

Well boned, but very immature.

**4th: Cannon's - Kangala Opium Ov Olwell**

### **Minor Puppy Bitch**

#### **1st: Freeling & Greenway's - Basteel Tawnee**

Nice head, well pigmented. Excellent bone, level topline, slightly long in back. Front needs work at present, should improve with age and maturity.

#### **2nd: Lewison's - Blakrouge Pagan Belle**

Nice moving bitch with well-proportioned head, lacks confidence in the ring at present.

### **Puppy Bitch**

#### **1st: Sellars' - Oldworld Shady Lady Dior**

Very pretty bitch with pleasing head. Strong hindquarters giving powerful rear action. Good straight broad front, very light in colour with just enough pigment.

#### **2nd: Edwards' - Nightquest Lets Elope**

Broad skull, short backed, well boned. A little too much pigment.

#### **3rd: Sparham's - Gameguard I Mrs Mineva**

Nice head and front, excellent four square body with nice turn of stifle. Very out of coat at present.

#### **4th: Smith's - Gaboeve Spice Girl**

### **Junior Bitch**

#### **1st: Reid's - Bulltiful Call My Bluff**

Good sized bitch with broad skull and nice expression. Lacking in chest at present. Slightly longer in back which gives her room to move out well.

#### **2nd: Cooper's - Lilacglen That Dream**

Well-pigmented red. Excellent bite but would prefer stronger under jaw. Preferred size of 1.

#### **3rd: Marley-Duncan's - Bullmarvel Lady Zelda**

Good head, dark eye. Well-sprung ribs. Out of coat and didn't move well on the day.

#### **4th: McLeod's - Burgowood Mi Lady Of Skye**

### Intermediate Bitch

#### **1st: Morrissey's - Bulltiful Bad For Good**

Excellent brindle bitch. Well-proportioned head with deep stop and dark eye. Good size, straight front, well angulated rear. Very eye catching and feminine but would prefer a more outgoing temperament. Reserve challenge.

#### **2nd: Hosey's - Soloshel Midnite Belle**

Another really good bitch. Strong head with short muzzle. Broad front, deep set chest, muscular body.

#### **3rd: Cannon's - Aust. CH Kangala Bobby Dazzler**

Very broad, nice head and expression. Strong hindquarters. Saddle back spoils look.

#### **4th: Cardier's - Eugah Akarda Tady Uka**

### Australian Bred Bitch

#### **1st: Morrissey's - Bulltiful Curtain Call**

Tall, classy deep coloured bitch. Good straight front. Level topline. Well angulated hindquarters. Moved well. Still immature but should become a top honours bitch. Felt that she could have shown better in different surroundings.

#### **2nd: Williams' - Aust. CH Soloshel Midnite Stella**

Very strong, muscular bitch. Excellent substance with broad head and muzzle. Would prefer better-spaced eyes. Would not move today.

#### **3rd: Sparham's - Aust. CH Gameguard Ambrosia (IID)**

Large square skull, muzzle not as broad. Good bone. Slightly longer in back. Moved okay.

#### **4th: Sellars' - Oldworld Shady Lady Kiama**

### Open Bitch

#### **1st: Cannon's - Aust. CH Kangala Hana Of Oldwell**

Really stunning bitch, which caught my eye as soon as she entered the ring. Very imposing and moved with real drive. Deep chest and broad straight front. Level topline with excellent spring of rib. Powerful hindquarters with well-muscled second thigh. Nice

feminine head with just enough wrinkle when interested. Delighted to award her the Challenge and Best In Show.

**2nd: Edwards' - Gameguard Brianna**

Good head with nice expression. Good straight front but not the substance and power of 1. Low set tail. Moved okay.

**3rd: Lewison's - Aust. CH Karabul Pirates Gem**

Well-pigmented, nice front. Good bone and well angulated. Would have preferred a broader head.

**4th: Litton's - Aust. CH Grasslock Memory Lane (AI)**
