Challenge Dog: Iannotta's Nightquest Veandercross

Correct size, balanced dog with good muscle tone and strength of loin. Impressive strong head with correct size and set of ears. Neck flowed well into strong level topline. Good depth and width of chest, balanced angulation but would prefer a bit more. This boy moved well and exhibited the exuberance that I like to see in this breed.

Reserve Challenge: Lofthouse & Spice's Aust. CH Bullvalour Jack's Pryde

Balanced dog a little larger than challenge dog with good strong head & neck. This dog, at time of show, was nearly seven years of age, and is a credit to his age. Angulation

balanced but would like a bit more, muscle tone good, moved well, but topline not as strong as Challenge Dog on the move.

Challenge Bitch: Bullmaster Kennels' Aust. CH Nightpower Special Rquest

Balanced well proportioned bitch, of good size with a strong head yet feminine. Balanced angulation but again would prefer more. Correct depth and width of chest with good muscle tone. This bitch moved as well as the Challenge Dog but just

lacked the spark and exuberance of the dog, but was a worthy winner for Runner Up in Show.

Reserve Challenge: T Nicholls' Bullmaster Dream Magic

Smaller bitch balanced and well proportioned for her sized. Good head, strong neck flowing into good topline and correct set on of tail. Preferred this bitches rear angulation, moved well but handler let her down a bit.
