

Firstly, I would like to thank the Committee & Members of the Queensland Cocker Club for inviting me to judge your show. I thoroughly enjoyed this fabulous appointment and thank the exhibitors for accepting my decisions as in some cases there was not a lot between the placings so had to split hairs and make the awards, so thank you for the good sportsmanship all round.

Secondly a big thank you to my very efficient steward, Katherine Wishart who ensured the show ran on time and for organizing my critique slips to be ready for me on my next class, an extra hard effort given how cold it turned and knowing she had to get home to prepare dogs herself for her own specialty, your club is very lucky to have such a fabulous steward.

A very warm thank you also to both Anthea & Duncan McCallister for waiting at the airport for the very late arrival of our flights & transporting us safely to our Motel, then to turn around early the next morning to pick us up to deliver us to the show grounds. We were very grateful to Anthea & Duncan who stayed late & took us to dinner then safely back to our Motel, you are both amazing & dedicated to your allocated jobs on behalf of the Cocker club – a big hugs to you both. (thanks Anthea for my extra printing, it was really appreciated xx)

We cannot forget Terri Smith who also came out of her way to return to the show on Sunday to pick both John & myself up and take us to the airport on time, we are both very grateful too, thank you.

I would also like to thank the Committee & members for my lovely gifts & card I have of course eaten the chocolate which was yummy and will wear the lovely scarf with so many gorgeous autumn tones to make it so pretty, I love it and will think of this appointment whenever I wear it, huge thanks xx

I was very pleased to find no incorrect bites, merry cockers; presentation was on the whole pretty good, although more attention is required to fine tuning this with particular attention to the feet. I understand it is an art to perfect this in our breed but try to understand what our breed calls for, 'CAT LIKE' with this in mind try to create this shape. I found quite a few that had been either clipped all the way down to the toes which made the foot look flat, bad feet can be made look so much better by careful trimming, leaving hair on the front of the leg, not thick n bushy but nicely blended, then blended into the foot this will give the impression of the 'cat like' foot even if it is a bit flatter than ideal. Too much hair was another issue left on both front & rear feet making it hard to determine what was good or bad & when as a judge we only have a brief time to evaluate the exhibit you run the risk of being penalized if the hair is left on in the incorrect places. I found coat texture to be very good overall in my winners extra pleasing, again too much hair is not always a good thing, careful trimming can help the overall balance of the exhibit & the condition of the coat. There are plenty of grooming videos around to watch & learn and have a look at your fellow exhibitors that won at the top level, those dogs were groomed extremely well and most certainly helped them into the top awards.

Now for my critiques, these of course are my views and placed as I found them on the evening, as said some were close and could be swapped over on another day due to performance ect. Hope you enjoy reading this and again thank you for accepting my decisions, it was a pleasure to judge your dogs and award them accordingly, my major winners made me very happy inside to see our breed in pretty good shape. Warm congratulations are extended to all my winners and hope my critique helps those to understand my decisions on the day.

WARM REGARDS – ANN O'KEEFE GLENAYDEN COCKERS

BEST IN SHOW: EXHIBIT NO. 45. CLASS 10A – AOC
CH. GLENBRIAR A FINE ROMANCE OWNED BY: S M McFADDEN

A quality dark blue bitch, compact with so many cockery attributes to admire & I did to give the top award. Very pretty classical head, sweet expression, tight eye, to complete this balanced head could have a slightly darker eye, good bone, straight front, & cat like feet, adequate forequarters, deep body, well sprung ribs, short loin, strong top line, correct tail set, well rounded muscular quarters which she used, well let down, shown in excellent condition, coat soft n silky. She moved around the ring using her tail very merrily, true coming and going and kept her shape both standing and moving. A lovely size which completed the picture for me, was very happy to award this bitch the top award of **BEST IN SHOW**, congratulations to her owners she is a credit to you.

RUNNER UP BEST IN SHOW: EXHIBIT NO. 19 CLASS 11 – AOC
