

I'd like to take this opportunity to apologize for the delay in the critiques unfortunately on the plane back to Sydney I picked up a virus which unfortunately turned into pneumonia (could have been worse!)

I would firstly like to thank you all for the invitation to judge your Championship show, your office bearers, your stewards were great, organizing our pick up at the airport etc. and for your entries, and your good sportsmanship, when handed the results, your dogs were presented to me, clean, and looked the part, thank you.

I am concerned, with the size overall of the cockers, we do have a standard, and if breeding, or showing should adhere to it, balance, is also mentioned in the standard, and short legs, with a great body is not balanced. Feet must be firm, trimmed looking round, and cat like. Remember, they are a Gundog, and a Retriever, and as such should be able to move around the ring, freely. AND SO TO YOUR CLASSES:
