

John Nolan's

LeatherWorksForDogs.com

A Bargo New South Wales based Master Craftsman working in leather designed for dogs & also an ANKC registered breeder of German Shepherd Dogs and Lagotto Romagnolos under the Incavale prefix.

Show dogs, Working dogs, Service dogs, Sports dogs, IPO & Schutzhund dogs, Therapy dogs & Pet dogs of all breeds, I do leads & sometimes other equipment depending on the constraints of time.

I have been a hobby leatherworker for many years, mentored in the craft by family and am serious about the quality of my work.

The leathers I use are imported from Europe as is the hardware I use, which is always solid brass or stainless steel.

My work is for both local and international clients and includes the military and law enforcement agencies.

I also import dog sport equipment from Europe, though I do not keep an extensive range of stock as it is usually sold soon after it arrives. New shipments arrive every month.

I am happy to have been invited to offer a couple of dog leads for your National Show & I invite you to have a look at my website www.leatherworksfordogs.com and my FaceBook page.
