Championship Show
Judges Summary

I would like to firstly thank the German Shepherd Dog Club of Tasmania for the invitation to judge. Thank you also to the Committee and members for your kindness and hospitality and to the Exhibitors for your entry. Thank you to my stenographer, Trudi Kingston and to my steward, Rachael, who kept the show moving very smoothly.

There were 22 entered with 17 exhibited with two (2) animals withdrawn with permission
The quality of the animals presented was overall very good. No animal measured oversize and most were well within the desired standard size requirement. Eye colour was medium to dark. There were only a small amount of animals with slightly deep hindquarters.

Underchests were on average of good length with only a small number being slightly short. The animals were mostly well behaved during the teeth check and only one animal needed more training with the measuring stick. Two (2) animals were withdrawn during the teeth checking process, and I feel that more training in this area should be conducted.

I would highlight that handlers should be aware of the speed at which they present the animals in the fast gait as well as the out and back exercise..
Some handlers were running at too fast a pace which causes distortion to the outline of the animal if they are unable to gait at this speed.

I thoroughly enjoyed Judging your show and I congratulate the breeders and owners on the presentation of their animals.
I wish ALL breeders and owners every success for the future.
