

24th Tasmanian State Breed Exhibition 26 June 2022

Judges Summation

Firstly, I would like to thank the German Shepherd Dog Club of Tasmania for the invitation to Judge the State Breed Exhibition for 2022. Also, I would like to thank Carol Mason, Tass Massis and Lorraine Sommers for looking after me for the weekend, and the catering staff for their lovely lunch. The GSDCT with show manager Janet Haase and her helpers ran a very well organised show which ran to schedule.

The major purpose of a State Breed Exhibition is for the Judge to provide breed direction. However, while the entry of 37 exhibits is very good for a state the size of Tasmania, it is still too small a pool of animals and bloodlines to provide much practical direction.

The two progeny groups presented were from non-resident dogs who were not present at the show. Firstly, Chili Della Valcuvia who presented a very large and impressive group at the National with many class winners. Secondly Wulkano Uno von Schnizerteam who presented a young group at the National which showed very strong potential. It is pleasing to see the Tasmanian breeders choosing to use top sires from the mainland. Both groups were of very good quality and typical of their sires, but it should be noted that both groups had a significant percentage of babies in the groups which are still to develop.

Roxamburg Hot Chilli presented a dams progeny group comprising seven animals from three different sires. This is quite achievement for a bitch, congratulations to the owner and breeder. Overall quality was very good, with good proportions, good forequarters, and very good hindquarters with broad thighs, and very good ground covering movement.

Roxamburg Kennels presented a very large breeders group of thirteen animals from seven sires and six dams. This represents a high degree of difficulty to achieve a uniform type. The overall group was of very good quality with good uniformity of type, with good proportions, good heads and expression with medium eye colour, good forequarter angulations where the upper arms should be better angled, very good hindquarters with broad thighs, very good ground covering gaits. Congratulations to the breeder Kristy Hall.

Overall quality of the animals was good to very good where the highly placed animals would be competitive at a national level. Main issues that breeders need to pay attention to are:

- Length and lay of the upper arm. There were quite a few short upper arms and very few correctly angled upper arms. This results in the fore reach not being effective. This is common problem in the breed worldwide.
- Length of under chest. There were some animals who had slightly short to short under chests. This restricts the animals' lung capacity and as such endurance to work.
- Hindquarter angulation. While most animals had very good hindquarter angulation there were some that displayed slightly deep angulation with an over long second thigh.

Of the younger classes there were four animals that impressed me.

1. Stock Coat Baby Bitch – Hasenway Miss Tingle, a daughter of Chilli della Valcuvia and Hasenway Dixie Chick, and a granddaughter of National gold medal winners Macho Lamorak and Zicke Feurermelder. She showed much ring presence and is very well constructed.
2. Stock Coat Minor Puppy Bitch – Allinka Wilma, a daughter of Chill della Valcuvia and Ica Zenteiche (a very strong kennel in Germany), who was dry and firm and of overall very good construction.
3. LSC Puppy Bitch -Derharv Gold Currency, a daughter of Obama du Montgisen and Derharv Pure Blonde. A dark sable bitch with very good angulations.
4. Stock Coat Junior Bitch – Komatzu Extra Hot Ruby, a daughter of Chilli della Valcuvia and Ambala Playboy Bunny and a granddaughter of Xaro Plassenburg. A very balanced bitch who displayed workman like movement.

My Long Stock Coat Sieger - Lordavo Royal Commando and Siegerin - Lordavo Royal Symphony are littermates. Big congratulations to the breeders – David and Lorelle Organ. Their sire is Jayshell Glasgow who is a son of VA dog Ustinov Romerland. The Sieger is a very well coloured and pigmented male with very good overall construction who shows a very good balanced ground covering gate. He is a dog that should be considered by LSC breeders. The Siegerin is a bitch on the limit of size with very good overall construction who shows a very good ground covering gate with powerful drive and very good reach. A bitch who should produce.

My Stock Coat Siegerin was the bitch – Ondja du val D’Anzin from the very well-known French kennel who has produced many VA animals. She carried the bloodlines of Willy Kuckkuckland and Yankee Feurermelder. She was presented in very firm and dry condition and has very good overall construction. She showed a very good ground covering movement in the walk and gait. I also awarded Excellent Merit to the Bodecka Mayhem, a daughter of Siegen Suris Alfie (WA State Sieger) and Bodecka Zensation and a granddaughter of the very well performed bitch Lashadas Xquisite. She is very large bitch of overall very good construction who displayed a very good ground covering gait with much enthusiasm.

My Stock Coat Sieger was the dog Obama du Montgisen. A son of the VA dog Asap Aldamar and a grandson of the VA and Gold medal winner Djambo Fichtenschlag. Obama is a large, very well coloured and pigmented dog of very good overall construction. He displayed a very good ground covering movement with strong drive and very good reach. While he had only one progeny presented at the show it was the impressive LSC puppy bitch. Also, he presented some very promising SC baby bitches at the national who finished 4th, 7th, 9th and 14th. Thank you to all the exhibitors and handlers for their sportsmanship.
