

BABY PUPPY DOG

NELLABUL IM A DOG

Perfectly marked fancy brindle and white with captivating head, upstanding and stylish with heavy bone. Head is long, well turned and filled and powerful with bite coming correctly. Large ears, perfect topline, pleasing side movement. Front loose. If he matures like he looks now should be tough to beat.

ARTUUS HIGHWAY HOBO

Heavy boned cobby white with even better head than my winner. Exciting packed and turned head set off by black brindle ears and wicked expression. Teeth changing. Front loose and a bit bully, accounting for second place. Best ultra short back and gorgeous headpiece make for a typey package.

NELLABUL BLAZE O GLORY

Another heavy boned puppy, red smut, upstanding in type with a good reach of neck. Lovely head but with a bit less muzzle strength than my prior two puppies. Shoulder a bit upright. Nice topline and good tailset.

KUPALA KOAL KRUSHER

Another gorgeous dark brindle, almost solid pup. Younger than the rest with an impressive headpiece. Not the bone of the winner but cobby with good topline and short back.

MINOR PUPPY DOG

KABULLKA STONE FREE

Thuggy middle of the road white with brindle tailspot. Just my style because his varminty expression, tiny ears, and tons of quality. Immediately caught my eye with his cocky attitude and jaunty gait. Head is strong, gently curved and completely packed with full wide muzzle, perfect bite with canines correctly placed. Deeply set tiny eyes with vaimonty expression set off by small ears with correct ear set. Very well let down forechest with gun barrel heavy boned forelegs right down to cat feet. Loads of substance. Perfect topline; tail carriage just a tad high but good in comparison to the majority today. Very good movements front and rear.

BARUCH DAKOTA JACK

Sound brindle with well turned head and great depth of muzzle, wicked eye. Bulldog type with virtues of good bone, type, and substance but with less bone and higher tailset than my winner.

TRAHERN WILD ABOUT

Well marked brindle and white with good head, full white muzzle and wicked expression. Good reach of neck with lovely layback of shoulder and proper forechest,

lovely bone and topline, moved closely behind. He was too unhappy a showman on the day but should do well with maturity and ring training.

PUPPY DOG

KABULLKA MOVE OVER ROVER

Heavy weight, heavy boned, correct bite, middle of the road types with deep forechest and loads of substance. Powerful well-turned head with wicked expression. Falls away a bit at the muzzle and ears erect though set to side. Good front, topline but high tail set. A very good dog. Pushed his brother very hard for winner dog at the end of the day.

DIMECA THE UNDERTAKER

More upstanding heavy boned, heavily thickened white with nicely turned head, good bite. Shoulder upright, good topline. Pasterns a bit weak.

SHIRVIN ACE O BASE

Very strong head; terrific expression; well-packed up head. Body lacks enough spring of ribs. Has wonderful body lines with good tail set. A bit too much loose skin under neck makes head appear short.

NELLABUL BE IMPRESSED

Quality white with smooth outline, mouth off.

JUNIOR DOG

SWAGGERBOUT J.R.

Heavy weight, upstanding brindle with short back, long turned profile, good bite, eye a bit kind, well placed ears, good reach of neck. Topline a bit spoiled with a very gay tail. Lots of virtue but spoiled by ear set and lack of second thigh.

KUPALA KAPTAIN KAOS

Average sized solid brindle with nice profile and good finish. Short backed. Not the power of #1

SAGEARAY HEZDA MAN

An upstanding average sized black brindle; not happy to be here today; not as much power as #1 or as typey as #2. Handsome head with good fill.

INTERMEDIATE DOG

CH KEORY KONCRETE

Ultra typey white dog with brindle eye patch; powerful well turned head, fully packed mouth, reverse incisors. Heavy round bone with straight forelegs, short upper arm causing shortish neck. Good topline and tail set. Lots of virtue.

CH SATORI BLACK BUTT

Very showy, typey black brindle with desirable egg shaped head, finy ears on top of head, good mouth, keen expression. Well balanced and beautifully constructed but not quite the power of #1.

SARAJENI ANOTHER HERO

Nicely made white with pleasing profile but not as much fill from the front and kinder expression than #1. Good forechest and topline. Moved well.

AUSTRALIAN BRED DOG

SHIRVIN KINGS RANSOM

Well balanced white, smallish but with good bone for his size. Gorgeous head, well turned and packed with wicked eye. Mouth off. Long reach of neck, shapely yet masculine. Jaunty gait, moves nicely. I really liked this dog.

SAGEARAY COMIT A CRIME

A chunky solid brindle with lots of substance, unhappy to be here today. Good head. Could use a more second thigh.

OPEN DOG

SWAGGERBOUT ENFORCER

Large, upstanding shapely brindle; captivating from the side with long turned head, good reach of neck, smooth topline. Positions himself beautifully. From the front he lets down a bit in muzzle strength. Mouth under; good bone and substance.

CH BULLROY BLACK MASTER

Nicely made, middle of the road, black brindle and white with nice profile, good bite but could use more under jaw. Good reach of neck with proper topline. Feet with longish toes. Beautiful forehand and tail set.

STARSTRUCK SCOUT

White carrying brindle. Quality dog with good rounded bone, good head, not the spring of rib, forechest and substance of #1 & #2.

BABY PUPPY BITCH

KUPALA KNOW ME

Powerful, very square brindle and white puppy with exceptionally long turned powerful head. Showed herself with confidence. Lovely topline and tail set. Front a bit weak in the pasterns but overall an exciting young puppy.

JAYMEREAKI GUINEVERE

Another beautifully headed brindle & white heavy boned pup. Well balanced with good reach of neck and proper blend of style. Tail gay.

KUPALA KUSTOM IMAGE

Perhaps the most lovely of all three but determined not to help out her handler today. Happy brindle & white with sculpting profile and more fill than 1 & 2. Very square with deep forechest and lots of substance for age. Good topline.

MINOR PUPPY BITCH

SHIRVIN AMBERS DOLL

Gorgeous typey quality white bitch with wonderful substance and round bone. Full nicely turned head with wicked eye. Spot on front. Good bite. A lively youngster with much promise for a bright future. Pushed the winner hard.

BARGUSBY RAY OF LIGHT

Another lovely white bitch with not as much fullness in the head as #1. Eye wicked. Nicely constructed and very typey.

BARUCH DEIANIRA

A solid brindle with a beautiful head a bit spoiled by the ears to the side. Lots of substance with good neck and topline. Lovely movement, soft pasterns in front.

PUPPY BITCH

SEMAJON ARANDA

Substantial brindle & white with perfect egg shaped head carrying too much weight for her bone. Bite perfect. Short back. Moved closely behind but a gorgeous bitch.

SEMAJON APHRODITE

Very similar to the winner in type. Beautiful head. Better bone but shoulder not as good. Quite a commendable pair.

KABULLKA ELECTRIC GYPSY

A shame for such a lovely bitch to go third. Chunky dark brindle with captivating eye, full headed, mouth off. Also too heavy so not as shapely as I like to see in a bitch. A bit lower to the ground. Slack in topline due to weight.

WIANNA COONAWARRA

A very typey chunky square bully bitch with full round head, slightly prominent brow but completely filled. Very good expression. Front a bit bullish. Beautifully handled and unlucky to be in such a strong class.

JUNIOR BITCH

BULLROY MOON SHINE GAL

Upstanding stylish white bitch with lovely profile and wicked eye, tidy ears right on top. Very short back. Shoulder a bit upright, as were hindquarters but quite an exciting young girl.

EMMANNE BLACKBREE PYE

Beautiful black brindle and white, lower than the winner with a stronger head but mouth of reverse scissors. Lovely egg shaped head. Not quite as much bone as #1. Very nice topline and tail set. Moved well.

INTERMEDIATE BITCH

CH MISSIGAI BLACK ID SUSAN

Heavy weight English style bitch, showing herself to perfection. I was immediately taken by her head outline with gentle sweep of profile, long reach of neck and her unhindered free front movement. She floated around the ring. In sparkling condition with thick white coat. She had tremendous bone for a bitch while still retaining femininity and long sweeping lines. Properly laid shoulder and full of style with good tail set.

HONHAZSTA HERRAS VISION

Opposite type to my winner. Cobby white ultra-typey smallish bitch with good bone for size. Egg shaped head with good bite. A bit upright in shoulder. Keen expression, good earset. Jaunty mover. Unlucky to come up against my winner.

VILLRINO ANTARCTICA

Lovely white bitch obviously just off a liter. Upstanding with great bone, wonderful topline. Very virtuous and could do much better when she returns to her proper condition.

AUSTRALIAN BRED BITCH

CH BRUGOWN SOLITAIRE MAGIC

Stunning black brindle with beautiful headpiece. Totally packed turned & filled with small eye. Tiny ears on top of head. Good reach of neck and forechest with straight front. A bit behind the shoulders and could use a bit more second thigh but pushed closely at the end.

CH KUPALA KAUSE ASTIR

Lovely brindle with unfortunate head markings. Not the expression of #1. Good substance with a lovely long neck. Shown too heavy. Feet with long toes.

VILLRINO TRAINSPOTTER

Heavily ticked white with red ears. Poor condition. Beautiful headpiece, short back. Ears a bit to the side. Good bite.

DABEWS LADY DELILAH

Beautifully presented brindle and white. Very square. Head smooth profile but falls away at the muzzle.

OPEN BITCH

DELSHEC SCOTCH KISS

Terrier type brindle & white, full of fire and ultra showy. Correctly made stylish, could use more bone and fullness through the muzzle. Beautiful lines.

CH WIANNA PERNOD

A heavier lower to the ground brindle & white with good reach of neck.
