**8TH NATIONAL SPECIALTY
CHAMPIONSHIP SHOW
24th April 2000**

**JUDGE:
ANN HENNIGAN
DEMONTJUIC DALMATIANS
CANADA**

When asked to write a profile as to my involvement in the breed, I thought, where does one begin with over 30 years of Dalmatianism in my life. I concluded no small task, however, small it must be.

So here we go, a brief but hopefully interesting few lines.

My first introduction to the breed, was when Kelly arrived. She was "special quality" from the British equivalent of the puppy mills we have today. But we loved her and from that beginning quickly became, as most of us are, addicted to the breed, the show world and that ever increasing challenge to produce "the best".

I was fortunate to start the quest for "the best" when living in England and having the added advantage of seeing dogs who became some of the top producing and winning Dalmatians in the history of the breed. Dalmatians in the 60's and 70's I believe, were at their zenith, particularly in Britain. I consider myself incredibly fortunate to be introduced to the breed at this time. These were important years in the history of the breed.

The template of what I would strive for was set at this time, both in breeding ethics and showmanship. There were a number of Dalmatian people who helped and encouraged me to "stay with it" when difficulties arose. I remember Norman Graham, of the Ravold prefix, who drove some distance to console us and encourage us to keep going when we lost a beautiful young dog in a tragic accident. Susan and Mary Gatheral of the Phaeland prefix, who sat up all night with us when our first litter whelped, who answered all those endless questions one has when just starting. Watching Rita Monkhouse showing her young dog, Cabaret Christmas Card, and admiring the most glorious picture they made and my attempting to emulate this picture. This emulation I know became one of the factors which was instrumental to the success I achieved both past and present in the show ring.

Having bred, as well as acquiring from those whose breed lines were compatible with what I had, I have had the good fortune to produce top winning Dalmatians in Canada and the USA, as well as some nice winning prior to coming to North America in 1974.

Briefly ... 5 different dogs were number 1 Dalmatian in Canada, as well as in the top 10 Non Sporting. Not to mention others who were in the top 10 over a period of the past 10 years or so.

In the USA, in one year I had bred 2 dogs, which were in the top 4, all systems. These dogs were also Best In Show winners giving me the honour of being one of 7 individuals who have produced more than one dog from different litters to go BIS in the history of the breed in the USA. To also consistently have dogs in the top 10 is no small feat for "Canadian" dogs to achieve in the USA.

Having bred and shown Dalmatians to BIS in three countries, winning specialty shows etc., etc. were wonderful experiences in their own way, but some of the first wins and placements in many ways out did the big wins ... Going VHC at a club show behind the likes of Mrs Piper, Miss Clay and so on; a 4th place in an AV special puppy class of 105; litter brother and sister winning their classes at Crufts. And so on. The "little" wins, as some would call them, were the ones that encouraged and made the challenge so exciting.

There are other very special events and wins which are close to my heart but most importantly to me and closest to my heart, are the wonderful dogs that showed their little hearts out for me, gave me unconditional love, therefore my love of the breed will never die. I cannot ever imagine myself without a Dalmatian at my side, in my car or on the settee, even when I am a dodderly old woman.

I thank you all for giving me this opportunity to meet your dogs.

Ann Hennigan

**8TH NATIONAL SPECIALTY
OBEDIENCE TRIAL**

24th April 2000

JUDGE:

MRS D EASTER (ACT)

I have been involved in dog obedience activities since 1975 following the purchase of my first Airedale Terrier. He achieved his UD title after a somewhat lengthy and "instructive" learning experience - I found that terriers are an interesting challenge in the obedience ring! I then showed to his Breed title and trained and trialled his daughter to attain her UD and TD1 before her untimely death in 1993.

I have now trained two more Airedales to their UD titles, the bitch being shown to her Breed title before being exposed to the Obedience ring and have a 3 month old puppy who does not realise what is in store for him.

I have been an active Obedience instructor since 1978 and in 1988 attained full panel Obedience Judging status. I gained my Tracking Judge license the following year.

I have judged in the ACT, NSW, Victoria, South Australia and the Northern Territory and those appointments included the South Australian Autumn Festival run by SACA, the Royal Canberra and Royal Melbourne Obedience Trials and the NSW State Titles (twice).

I was elected a Councillor of the Canberra Kennel Association (now ACT Canine Association) from 1987 and apart from a twelve month break in 1995, I have continued to be a member of Council. I held the position of Convenor of the ACTCA Obedience Subcommittee from 1988-1994 and from 1996 to date. In that capacity I have been responsible, among other duties, for managing the ACTCA Obedience Judges Training Scheme, the Obedience Section of the more recent Canberra Royals and the ACTCA Obedience Titles. In 1991 I was elected to one of the two Junior Vice President positions on Council and held that position until 1995 and from 1998 to date.
