## Thank you

The Committee of The Saluki Club Inc (NSW) would like to thank our family and friends for their generosity in sponsoring our show ribbons and our major sponsors Taste of the Wild and Wee off.

## REGULATIONS

No puppy under the age of (6) Months can compete against any Puppy (6) Months of age or over in any Class or Special Prize.

Challenge and Neuter Certificates may be awarded at the discretion of the Judge.

All Prize Cards, Ribbons and Trophies must be collected by the winning exhibitors on the day of the show.

The Show will be held under the Regulations of Dogs NSW. A Copy of which may be found with the Secretary.

In accordance with Regulations Part II Show it is an obligation of any person at a show who observes a dog behaving in an aggressive manner to report the incident either orally or in writing to a member of the Show Committee as soon as possible on the day of the show.

## The Judge

Let me introduce myself. I bought my first saluki in 1991, a black & tan male. In 1995 I bought a red male Khalil's Dahabi Dahaqin and it is with him my saluki journey really started.

I have been working voluntarily in the Saluki Club, Sighthound Club and the Kennel Club since the beginning of the 1990. I together with others started the Lure-coursing as an official competition in the Sighthound Club and I have been an official judge of Lure-coursing since 1999. I also started to judge unofficial all breed open shows in that time. To become an official judge in Sweden you have to have breed for at least 10 years so it took a while until I decided to apply for this assignment.

My male Dahaqin was very successful both at the shows and as a studmale. He mated very beautiful bitches and I kept some of his offspring. My foundation bitch Baklava's Tigris Min Dahaqin was born in 2002, she was a daughter to Dahaqin and I took my first litter from her in 2006. Up until now I have breed 7 litter. In those litters I have got several national and international champions as well as 4 SBIS winners and 1 World Winner but also Lure-coursing champions. Today I have 4 salukis at home, 2 males and 2 females but plan to save one of the males from my recent litter. I also co own 4 bitches from 3 different litters that I perhaps will use for breeding.

In 2016 in become an FCI judge and can judge official all over the world. I am for now authorized to judge Afghan Hounds, Galgo Espanol, Irish wolfhounds, Saluki and Whippets. I have now continued with 8 more breeds and will be authorized to judge them during 2019.

I have judge in Sweden, Denmark, Finland and Norway. After visiting Australia in April, I will judge Saluki, Afghan and Irish wolfhound in Slovenia at the Euro Sighthound Show in May. So, it will be an very exciting Spring.

I have travelled a lot and visit shows all over the world. I visit the USA National in Lexington in 1999 and in 2006 I visited the show in Pleasanton, San Francisco. I been two times in Australia at saluki shows and visiting Crufts in England several times. I have competed with my salukis in lots of different countries in Europe. My bitch Ashantii won BOB in Paris in 2011 when FCI celebrated 100 years.

Looking forward so much to the assignments and know it will be a wonderful journey.

Best Regards

Aqnetta Doverholt

# Natural way of removing urine stains and odours

## WeeOff™ Urine Stain and Odour Remover

With so many different products on the market which claim they can solve urine problems or that this is the only product you will ever need to remove urine odours and stains. A large number of these products are either a surfactant with a odour masking agent or use enzymes with a alcohol used as a solvent. Chemical cleaners are also used but they are only make the problem harder to remove as the ingredients used coat the urine which seals the odour and stain.

Commercially available products can only remove the urea and urochrome leaving the uric acid/salt crystals behind on or in the surface. These cleaners also have difficulties in removing the stain left behind from the urine.

Unlike normal cleaning products like bleach, acid, disinfectants and other harsh chemical cleaners our cleaning products work by breaking down the biological combination of urine - urea, urochrome and uric acid crystals. General cleaners only remove the water soluble components of the urine (urea and urochrome) and leave behind the non soluble uric acid crystals which retain the offensive odours (and stain).

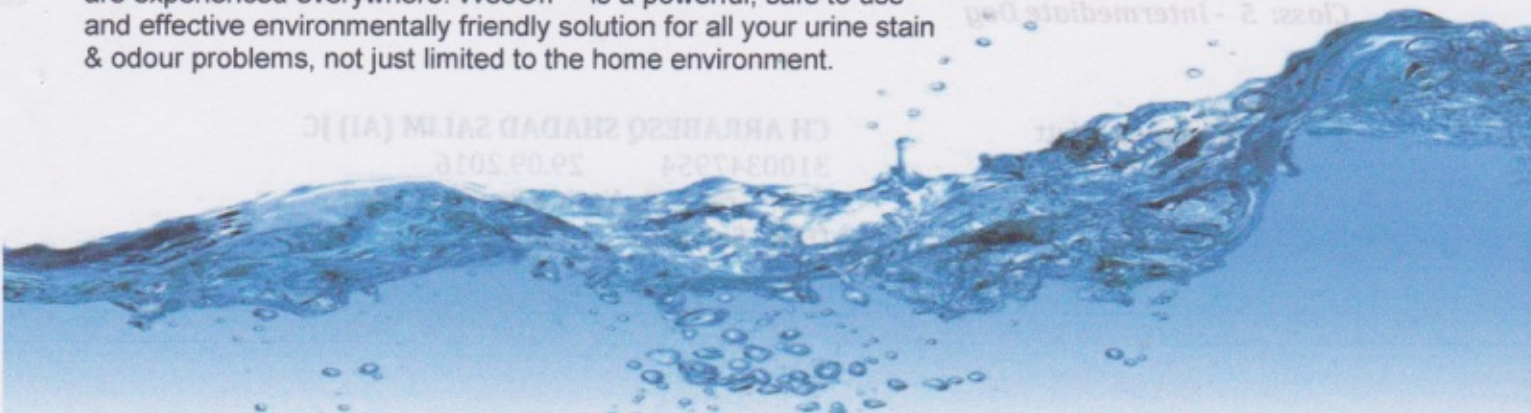

WeeOff™ is your all in one urine stain and odour remover you will need to remove your new and existing urine problems. WeeOff™ contains specifically selected beneficial patented bacteria which rapidly "gently digest" the uric acid whilst removing the urea and urochrome components, eliminating the offensive urine odours and stains without the need for harsh chemical cleaners.

Staff, visitors and customers need to use a washroom at work, in a pub, club or restaurant, kids can become excited at school, the elderly can experience continence problems with age - urine issues are experienced everywhere! WeeOff™ is a powerful, safe to use and effective environmentally friendly solution for all your urine stain & odour problems, not just limited to the home environment.
