

## **THE WHIPPET AND GREYHOUND CLUB OF SA VIRTUAL FUNDRAISER SHOW 2021**

Hi to all you lovely people 'down under'.

I do hope that this virtual event helped you raise a good amount for your cause.

Also thank you very much for your entries and the invitation to judge your event.

It certainly was a very different judging experience.

Of course viewing a 2D image where entries were not always shown in full profile but at angles leaving a lot to your imagination.

Hopefully after a lifetime of dogs I managed to assess 90% correctly. Breed type, outline, quality and elegance naturally caught my eye initially.

Of course I could not appreciate seeing them move although a few had entered super striding shots where others were not tracking up so just to add some friendly advice when entering virtually again or any form of publishing please make sure their stride is at full extent and tracking up as those images will be there forever for all to see.

It was a very close decision between my BIS and Runner Up. They look to be of a similar style both

with good under jaw, necks that flowed smoothly into flat shoulders. Well angled pasterns to enable flexibility. Correct length of body with required depth and length of ribcage and strong in hind quarters without being overdone. I think that both would benefit from being less stretched out when stacked losing some of their arch over the loins as both had good top lines on the move where as they tended to fall away when stacked. Both looked that they would be smooth to run your hands over. The bitch **SUP CH SHAWTHING ALL THAT JAZZ** for me won on her elegance and slightly more quality over the dog **ALLTALK CC NIGHT FEVER**.

**Best in Show**

## A photograph of a brindle and white Greyhound dog running on a grassy field. The dog is wearing a white protective boot on its right hind leg. A person's leg and foot are visible behind the dog, suggesting it is being handled or supported.

A photograph of a small, tan and white dog, possibly a Chihuahua mix, standing on a green lawn. The dog is facing left and is being held by a person whose arm and floral-patterned shirt are visible. In the background, there is a white pickup truck and a chain-link fence under a clear sky.
